# Contents

**1 Introduction** **1**

1.1 Introduction . . . . . 1

1.2 Outline of the Thesis . . . . . 3

**2 WordNet** **4**

2.1 What is WordNet . . . . . 4

2.2 Relations between Synsets . . . . . 6

2.3 Relations between Synsets of different Part-Of-Speech . . . . . 9

2.4 Applications of WordNet . . . . . 10

**3 Literature Survey** **12**

3.1 The Princeton English WordNet . . . . . 12

3.1.1 Input Files . . . . . 12

3.1.2 Database Files . . . . . 15

3.2 Indian Context . . . . . 17

3.3 Current Scenario of Indian Context WordNet . . . . . 19

**4 Assamese WordNet Development** **23**

4.1 Formal Definition of the Problem . . . . . 23

4.2 Issues in the Problem . . . . . 23

4.3 Proposed Architecture . . . . . 24

4.3.1 Data file format . . . . . 25

4.3.2 Index file format : . . . . . 26

4.3.3 Ontology : . . . . . 27

**5 Implementation** **28**

5.1 System Architecture . . . . . 28

5.1.1 WordNet Database . . . . . 29

5.1.2 WordNet User Interface . . . . . 32

5.1.3 Data Entry Interface . . . . . 33

5.1.4 WordNet API . . . . . 34

5.2 Current Status of the Assamese WordNet . . . . . 36

**6 Ground Work** **38**

**7 Conclusions and Future Works** **40**

**Bibliography** **41**

# List of Figures

2.1 Ontology for Synset for "School " . . . . . 6

2.2 Subgraph of a WordNet . . . . . 7

5.1 Architecture of Assamese WordNet . . . . . 29

5.2 WordNet User Interface . . . . . 32

5.3 Data Entry Interface . . . . . 33

6.1 Assamese Keyboard Interface . . . . . 38
