ACKNOWLEDGEMENT

Ideas, they say, are laid waste without effort. This project began as an idea and traversed through many phases before becoming what it is today. It is a culmination of efforts, research, suggestions and enthusiasm of all the people who have been involved in this work. The project report would seem incomplete if we fail to acknowledge those who have made it see the light of the day.

We would like to express our sincere gratitude and heartfelt thanks to, **Dr. Smriti Kumar Sinha**, professor in the department of computer science and engineering, Tezpur University for his unflinching support and guidance throughout the project. His words of wisdom and expertise in subject matter were of immense help right from the beginning of the project.

Last but not the least; we thank all our friends, whose words of encouragement and criticism have molded this report in its present form.
