Acknowledgement

We would like to express our deep and sincere gratitude to our supervisor Dr. Dinesh Dash, Assistant Professor, Department of Computer Science and Engineering, Tezpur University for his immense help and support during the project. This work could not have reached the present form without his help and assistance.

We would like to take the opportunity to thank Dr. Arindam Karmakar, Assistant Professor, Department of Computer Science and Engineering, Tezpur University for providing us ample guidance and support throughout the project.

We would also thank Dr. Shyamanta M Hazazrika, Professor and Head of Department of Computer Science and Engineering, Tezpur University for granting us the opportunity to pursue the project and also for providing the necessary resources for carrying the project.

We express our heartfelt gratitude to the teaching and non-teaching staff of the Department of Computer Science and Engineering for their help in aspect of the project.

Last, but not the least we would like to thank our family and friends for their moral support.
