ACKNOWLEDGEMENT

*I am most grateful to express a deep sense of thanks and gratitude to my project supervisor **Prof. Malay Dutta, Professor, Department of Computer Science & Engineering**, for his professional and personal advice, guidance and continuous support immensely through the course of the project. He has been provided me numerous valuable ideas, insights, encouragements, and comments. He has also been very understanding and supportive. I am very fortunate to have him as my supervisor. He always evinced keen interest in my work. His constructive advice and constant motivation have been responsible for the successful partial completion of this project.*

*My sincere & heartiest thanks to my co-supervisor **Prof. Dhruba K. Bhattacharyya, Professor & Head, Department of Computer Science & Engineering**, for his constant advice and support for the partial completion of this project. His invaluable suggestions and ideas during this dissertation works need to be mentioned specially.*

My sincere thanks to all the members of my family. I am very grateful to my parents for their never-fading love, care understanding, and encouragement. I could not have accomplished anything without their love and support. I owe my life and every achievement to them.

I must also thanks to all my classmates for their highly motivation and support to partially complete this project.

Finally, I would like to thanks all of those who had helped directly or indirectly towards the completion of this project.
