# Acknowledgements

It is my privilege to express my sincerest regards to my guide Prof. D. K. Saikia for his continuous support and motivation without which this dissertation would not have been possible. I would also like to thank him for his valuable inputs, encouragement, cooperation and constructive criticism throughout the duration of our project.

It has been great experience working in this DIT Sponsored Project. I am grateful to the members of the DIT team, especially Dr. N. Vijayaditya, Shri N Subramanian and Dr. P. S. Nageswara Rao for their valuable suggestions and recommendations. I would also like to thank Prof. Sukumar Nandi for his feedback and expert comments.

I pay my respect and love to my parents who have always been with me throughout my career, giving me love and support.

Let me also thank my group members – Lamjing, Amitabha, Manjit, Mustafizur and Nitin for their help and support. I would also take the opportunity to thank my classmates and my friends, especially Neelakshi Buragohain, Shanthi Makka and Gagandeep Arora for their mental support and encouragement throughout the duration of this project.
