ACKNOWLEDGEMENT

First and foremost, we are highly obliged to our supervisor, Prof. Dr. D.K. Bhattacharyya Dean of School of Engineering, Tezpur University. He allowed us to encroach upon his precious time from the very beginning of this report till the completion. His expert guidance, encouragement and critical suggestions provided us necessary insight which paved the way for the meaningful ending of this report. Without his constant supervision and valuable advices and suggestions from time to time, it would have been difficult for us to complete the report in an efficient manner. We would also like to thank the Department of Computer Science Engineering, Tezpur University for putting forth us the numerous opportunities that we have availed. We extend our gratefulness to all those who are directly or indirectly involved in this project.
