This is to certify that Mr. Arabindu Dey, final year MCA, Department of Computer Science and Engineering, Tezpur University, Napaam, Tezpur-784028, Assam, has successfully completed his internship at C-DAC, Electronics City, Bangalore during January 2012 till May 2012. He was reporting to Mrs. Rajamenakshi who was coordinating his work during this period.

He carried out research in the field of Insider Attack Detection specifically to detect data-exfiltration. His specific contribution was in carrying out survey and implementing of a behaviour model based on Kernel Density Estimation and Karl Pearson's Correlation models using SNMP data. His work is commendable and has further research potential.

ACKNOWLEDGEMENT

We express our deep and sincere gratitude to *Mr. N. Subramanian*, Joint Director, CDAC, Bangalore who has been our supervisor since the beginning of this study as well as the project. As an Internal guide we like to thank our respective *Dr. Bhogeswar Borah*, Associate Professor, Tezpur University, Department of Computer Science and Engineering, Tezpur University. This project had been far beyond completion without his exquisite support. We are greatly indebted for his valuable, constructive and critical guidance throughout the tenure of this project.

We would also like to express our solemnized gratitude and thanks to all my friends who had been by my side and pouring their valuable advice and encouragement. We are also thankful to them for their help in carrying the system testing and implementation and as well as in every step of the project.
