ACKNOWLEDGEMENT

A Project is an early opportunity for learning and self-development. I consider myself very lucky and honoured to have so many wonderful people who lead me through the development process of this project.

I would like to thank our HoD., Dr. S. M. Hazarika, for giving me the opportunity to work in this project.

I express my deep and sincere gratitude to my respected guide Mr. S. I. Singh Sir, Assistant Professor, Dept. of Computer Science & Engineering, Tezpur University, Napaam, Tezpur-28, for encouraging me to apply my own ideas and kind help he always showed toward me. I have gained much from his valuable, constructive and critical guidance during the project. I will always remain highly indebted to him.

Finally, I would like to thank my classmates whose help in my times of trouble, and encouragement when my spirit was low, proved to be one of the biggest factors in the successful completion of this project.

Thanks.
