Acknowledgment

It is my great pleasure to show due regards to persons involved in bringing out successful completion of the thesis work entitled ” *Application of Rough Set in Diagnosis of Heart Disease*” undertaken by me as a prerequisite towards partial fulfillment for the award of Master of Technology with specialization 'Information Technology' at Tezpur University

First of all, I would like to express my deep sense of respect and gratitude towards my advisor and guide Dr. Swarnajyoti Patra, who has been the guiding force behind this Project work. I am greatly indebted to him for his constant encouragement, invaluable suggestions and support from an early stage of this research and providing me extraordinary experiences throughout the work. I consider it as my good fortune and proud to record that I had the opportunity to work with such a wonderful person.

I would like to thank the Indian Government for funding my research. Finally, I extend my gratefulness to all those who are directly or indirectly involved in this work.
