ACKNOWLEDGEMENT

At the outset I would like to thank and extend my heartiest gratitude to all those people who provided their assistance and co-operation without which the proposed work, **THROUGHPUT OPTIMIZATION FOR INTERFERENCE AWARE AD-HOC UNDERLAY CRN**, could not be materialized so nicely.

I would like to express my deepest gratitude to Mr. Sanjib Kumar Deka, Assistant Professor, Department of Computer Science & Engineering, School of Engineering, Tezpur University and Dr. Arindam Karmakar, Assistant Professor, Department of Computer Science & Engineering, School of Engineering, Tezpur University for giving me the opportunity to carry out the project work under their supervision as well as unstained help and fractal guidance during the work.

I would like to thank Prof. S. M. Hazarika, Head of Department, Computer Science & Engineering Department, Tezpur University for giving me the opportunity to undergo my project work at the concerned department as well as for his moral support.

I would also like to express my special gratitude to Dr. D. K. Bhattacharya, Dean of School Of Engineering, Tezpur University, for giving me such attention and time.

I extend my deepest gratitude to Mr. Prakash Chauhan, Junior Project Fellow, Department of Computer Science & Engineering, School of Engineering, Tezpur University for his kind co-operation and providing valuable suggestions during the work.

I also extend my gratitude to all the students and faculty members of Computer Science &Engineering department of Tezpur University for their help and co-operation.

Finally I would like to thank my family members and friends for supporting and encouraging me and all the people who helped me directly or indirectly in the completion of the project work.

Thanking you.
Aaman Shamsul Hussain
