

Acknowledgements

Above all, I owe my thanks to my beloved father who now abodes in heaven, my ever caring mother and my loving wife Songeeta for their constant support and motivation ever throughout my entire course of work.

I would like to express my sincere gratitude to my mentor and guide, Prof. Sankar Chandra Deka for enlightening me with the first glance of research, his guidance, patience, motivation and continuous support towards research activities. My thanks will always be due to my co-supervisor Dr. Tatsuro Miyaji for his tireless guidance and support all throughout my course of work.

Besides my advisor, I would like to thank the rest members of my Doctoral Committee, Prof. Charu Lata Mahanta and Prof. Manabendra Mandal, for their insightful comments and encouragement which incited me to widen my research from various perspectives.

I will be ever thankful to Prof. M.K. Chaudhuri, The Vice-Chancellor, Tezpur University for providing me permission and necessary facilities to carry out the research work.

I sincerely acknowledge Prof. Anand Ramtake, Dept. of MBBT Tezpur University and Dr. Pranabesh Chattopadhyay, Defence Research Laboratory, Tezpur for providing me the access to their laboratories and research facilities.

I would specially like to thank Dr. Partha Pratim Saikia from NN Saikia College, Titabar, Mr. Salam Pradeep Singh, Mr. Manoj Kumar Das and Mr. Devebrata Saikia from the Dept. of MBBT, Tezpur University and Mr. Johirul Islam from Defence Research Laboratory, Tezpur without whose precious support it would not be possible to conduct this research.

I would like to thank Prof. Iswar Chandra Baruah of Assam Agricultural University, Jorhat, Assam and Dr. Akhil Baruah of Darrang College, Tezpur, Assam for their help in identification of the plant species.

I am very much thankful to the tribal people, especially the women folks of Assam, Nagaland, Meghalaya and Arunachal Pradesh who helped by sharing their valuable information on the rice beer preparing methodology and guided in the process of sample collection.

I would like to thank Quality Control Laboratory, Tezpur University, SAIC, Tezpur University, Biotech Park, Guwahati and SciGenom Labs, Cochin, India for carrying out analysis of my samples.

I am indebted to the Ministry of Food Processing Industries (MoFPI), Govt. of India and Defence Research and Development Organization (DRDO), Govt. of India for providing financial assistance in the form of externally funded projects.

I thank my fellow research scholars, in particular, Prerna, Pallab, Duyi, Gitashree, Elizabeth, Lopamudra, Nikhil, Ritesh and Jayabrata for the stimulating discussions and for all the fun we have had in the last few years.

Special thanks goes to all the faculty members and my colleagues from the Department of Food Engineering and Technology, Tezpur University for their valuable suggestions and encouragement. I also thank Mrs. Nijara Deka for her motherly care and assistance from the very beginning.

Last but not least, I thank the Almighty for giving me the strength and will to carry out the research work and write my thesis.
