

## ACKNOWLEDGEMENTS

---

I would like to express my heartiest gratitude to my Supervisor Professor Prasanta Kumar Das for his whole hearted guidance, support and infinite patience throughout the course of this research. The faith he showed in me in spite of the endless mistakes I made during the course of this research gave me the confidence and courage needed to complete it. During a period of serious illness that disturbed my work he provided all the help, encouragement and time I desperately needed.

I express my sincere gratitude to all the faculty members of the Department of English and Foreign Languages, Tezpur University, for their valuable advice, suggestions and kind support.

I also offer my special thanks to the staffs of the following institutions for helping me in locating necessary resources : Sahitya Akademy Library, New Delhi; Central Library, Jawaharlal Nehru University, New Delhi; Central Library, Tezpur University; Central Library, Indian Institute of Technology, Guwahati; Central Library, CIEFL, Hyderabad and Library, Osmania University Center for International Programmes, Hyderabad.

On a more personal note, I am profoundly indebted to my father whose encouragement was the cause behind the initiation of this research work. It would have been impossible for me to complete my work without the support I got from my husband Sumanta who bore all my anxiety and restlessness with patience and took complete care of me during a long period of illness. I can never forget the care and support I received from my parents-in-law during the crucial last stage of my work.

I extend my special thanks to Hemjyoti Medhi, Reetamoni Narzary, Yasmin Rahman and Madhuleena Dutta Roy who helped me wholeheartedly at very crucial times.

I express my heartfelt gratitude to my friends Rizia Begum Laskar and Indrani Sarma who provided their invaluable help innumerable times during this long period.
