

LIST OF FIGURES

Sl. No.	Detail	Page No.
1.1	Sustainable Livelihoods Framework - DFID	8
2.1	Sustainable Livelihood Framework adapted for the study	25
2.2	Map showing Hill Districts of Assam	26
2.3	Diagrammatic Representation of Research Methodology	30
2.4	Diagrammatic Representation of Sampling Procedure	32
3.1	Industry wise break-up of Main Workers	45
3.2	Industry wise breakup of Marginal Workers	46
3.3	Classification of land in the hill districts	51
4.1	Community-Wise Break-up of Respondents (District-wise)	64
4.2	Community-Wise Break-up of Respondents (Distance from Urban Centre)	64
4.3	Type of Family	65
4.4	A commonly observed scene of women in villages engaged in weaving in both Karbi Anglong and Dima Hasao.	70
4.5	Young and the old- all contributing to the household income by making bamboo products, Langsomepi Village, Karbi Anglong	70
4.6	Occurrence of non serious illness	71
4.7	Occurrence of Serious Illness	72
4.8	Primary source of drinking water	73
4.9	Category of household members involved in fetching of water	74
4.10	Treatment of drinking water	75
4.11	Practices regarding defecation	76
4.12	Practices regarding garbage disposal	76
4.13	Number of meals per day	77
4.14	Water Supply arrangement provided by PHE at Hojai Khasiba Village, Dima Hasao	78
4.15	Adapting to available resources: Seen in the picture is a innovative method of storing water, sourced from a stream located at a higher altitude, in a 'Hume-pipe' (meant for use in pipe-culverts during road construction) and distribution to households in a village called Silaguri in Karbi Anglong.	78

4.16	Sample Resource Map (Hojai Village) drawn through PRA exercise	80
4.17	Proportion of BPL Households	82
4.18	Ownership of Bank Account	82
4.19	Proportion of 'No-frill' Accounts	83
4.20	Vintage of Bank Account	83
4.21	Account Balance of Account Holders	84
4.22	Utility of bank accounts	85
4.23	Convenient Source of Credit	86
4.24	Membership of Household members in SHGs	87
4.25	Purpose of loan	89
4.26	A typical retail shop in Langsomepi Village	92
4.27	Type of floor	94
4.28	Type of wall	94
4.29	Type of roof	95
4.30	Primary Cooking Fuel	95
4.31	Households' primary lighting arrangement	96
4.32	A typical Karbi dwelling house mostly seen in villages located far from urban centres	98
5.1	Pattern of occupational shift to Non-Farm Enterprises	107
5.2	Participation in Non-Farm Enterprises	116
5.3	Number of Activities per Household	116
5.4	Broad Activity Category (Primary NFE)	118
5.5	Location of Non-Farm Enterprises (Primary NFE)	124
5.6	Primary Source of Capital (Primary NFE)	124
5.7	Type of Enterprise (Primary NFE)	127
5.8	Status of Registration of Enterprise (Primary NFE)	129
5.9	Market for finished products (Primary NFE)	130
5.10	Broad Activity Category (Secondary NFE)	131
5.11	Ownership of enterprises (Secondary NFE)	132
5.12	Location of Enterprises (Secondary NFE)	132
5.13	Seasonality of Enterprises (Secondary NFE)	133
5.14	Broad Activity Category (Tertiary NFE)	135
5.15	Ownership of Enterprises (Tertiary NFE)	135

5.16	Seasonality of Enterprises (Tertiary NFE)	136
5.17	Linkage with Input Suppliers	137
5.18	Linkage with Banks for credit	137
5.19	Linkage with Buyers	138
5.20	Training module attended (Near Urban Centres)	139
5.21	Training module attended (Far from Urban Centres)	139
6.1	SHG members of Harbasa Village during training on organisational management and book keeping	161
6.2	Members of the two SHGs (Kareng SHG and Sertalin SHG)	162
6.3	Kave Phangchopi: Engaged in pig-rearing and bamboo-mat trading	165
6.4	Zovi Darnei in her tea-stall cum grocery shop	166
6.5	Flag hoisting by Evergreen SHG Federation during their 4th Foundation Day	168
6.6	Health Camp and Exposure Trip organized by Evergreen SHG Federation	169
6.7	Kareng Hansepi in her bakery unit and her husband Borleko Teron in their grocery shop	173
6.8	Kareng: During one of the training sessions in her bakery unit	174
6.9	Weekly Market in Borolabang village and market shed supported by DRDA	176
6.10	Social work by AMRI Cluster Association for electrification	177
6.11	Dignitaries during the awareness programme and meeting on riverine protection	178
6.12	Terracing Implemented by Rongcheck II Village, Karbi Anglong	179
8.1	Stages of growth of enterprises from informal to formal Stage (IFAD, 2007)	194
8.2	Suggested programme implementation framework for livelihood promotion in the hill district of Assam	212
