

Acknowledgement

At the very outset, I feel immensely pleased to have the opportunity to express my sincere gratitude to my supervisor, Dr. Ashim J. Thakur who guided me with utmost care, affection and limitless patience. I was greatly honoured to avail complete freedom to use my own ideas in carrying out this research work.

It is a great pleasure to thank Professor Mihir K. Chaudhuri, FASc., FNA, Vice Chancellor, Tezpur University for providing the facilities to carry out my research work.

I am highly thankful to my DRC members Prof. S. K. Dolui and Dr. A. K. Phukan for their timely response and advice.

I convey my heartiest gratitude to all the Heads of the Department, Department of Chemical Sciences, Tezpur University for their support during the course of the work.

I would like to thank all the faculty members of the Department for their suggestions and cooperation at different times.

I am owed to all the non-teaching staffs for their instantaneous response and support in need and demand.

I would like to acknowledge Dr. P. Roudragouda from DRL, Tezpur, Dr. N. D. Namsa, Pranjal & Bhuwan from Deptt. of MBBT, Tezpur university for their help and time to carry out the biological activity studies.

I am very much thankful to all my lab mates (juniors, seniors & M. Sc. project students) for their time, help and suggestions. Specially, the full hearted support and brotherly behavior from Abhijit during

the final phase of my Ph. D work deserves much more than a 'vote of thank'.

I would like to acknowledge all the Research Scholars of the Department for the enjoyable times I have had with them during my Ph. D period, which I am surely going to miss.

I am grateful to Tezpur University for giving me the platform, Rajiv Gandhi University for the permission and CSIR (Council and Scientific and Industrial Research) for the funding to carry out my Ph. D work comfortably.

I am also thankful to all of my colleagues in the Department of Chemistry, Rajiv Gandhi University for their valuable input in preparation of the thesis.

I am very much grateful to my family members and neighbours, who themselves are my source of encouragement.

I am indebted to Lokaranjan, Mintuda and Lakshipriya for staying with me in my bad times.

I would like to extend my deep sense of gratitude to Mr. Atul Saikia (Bethakai), Mrs. Sadhana Handique, Late Podma Boruah and Dr. Z. Ahmed for whom only I have reached here.

Finally, I would like to thank Prof. K. Choudhury, Founder HoD, Department of Chemistry, Rajiv Gandhi University and all other well-wishers for their unconditional word of encouragement, love and support at different point of my life.

(Lakhinath Saikia)
