

Acknowledgements

First of all, I would like to extend my deep sense of gratitude towards my supervisor cum mentor Prof. Ruli Borah for her immense support throughout my PhD tenure. She continually and convincingly conveyed a spirit of adventure and excitement in regard to research. Without her guidance, patience, friendly gesture and persistent help this thesis would not have been possible.

I would also like to thank Head of the Department of Chemical Sciences and my doctoral committee members, Prof. Ashim J. Thakur, Prof. Nashreen S. Islam and Dr. Utpal Bora, for their valuable suggestions and comments in upholding my quest.

I greatly acknowledge all the faculty members, technical/non-technical staff of Department of Chemical Sciences for their help and support during the research years went by.

My sincere thanks go to our Vice Chancellor Prof. Mihir Kanti Choudhury for providing me the opportunity to carry out my research work in this university. I like to thank SAIC, Tezpur University and CIF, IIT Guwahati for technical support. I also thank University Grants Commission (UGC) for financial support throughout my PhD tenure.

Besides, I extend my gratitude and endearment to my fellow lab mates Papia ba, Parishmita ba, Arup, Susmita and Kabita for their valuable suggestions and assistance during my research tenure. The bonding we grew over the years, the emotional attachment we flourished and the jests we shared will always be the strength and bundle of joy in my life. The memories of our lab outings, talks over evening *chai* and carefree roaming on the university roads are those moments here in TU that I am always going to cherish.

Heartfelt thanks to really supportive Jeena ba and Sandhya ba for their encouragement and love they showered on me. When I look back, I can strongly feel the impacts of those small, jolly, yet helpful talks we had on my life. I am indebted to Rupa, Gangutri, Bebica and Swastika for being the best supportive friends I ever have in my life. Your love and criticism helped me to stand strong, introspect my inner self and be the person who I am. Special thanks to my seniors cum brothers Ranjit da & Zaman da, friends and lovely juniors Dipayan, Santanu, Mamon, Amlan, Pingal, Ruperekha ba, Riju, Suchi, Kabirun, Bagmita, Prachurjya, Mitu, Gaurav, Basanta, Kumar, Manash, Krishna, Parag,

Sukanya and Anindita. Thanks to my adventure buddies Runjun and Prachuryya(Pablu), my sisters from another mother cum cooking experiment mates Nilufar and Susmita for the love and precious memories we garnered together. I extend my token of love to my childhood friends Annesha, Chhandanee, Manalisa, Preetom, Namita, Arindam, Janardan, Mrinalinee and Bidyut for being in my life and lending an ear whenever I needed. I immensely acknowledge Borchetia Khura, Khuri, Dhunu and Putu for their love and endless faith conferred on me. I am also grateful to the menial staff of PMCWH to make my stay at this hostel a comfy one. It felt like a second home to me.

Words are falling short to express my gratitude towards my parents, dear sister Jinti and brother-in-law Bhaskar da and of course the drop of heaven in my life: my nephew Diptanshu(Babu) for your love, guidance, support, prayers and sacrifices that you've made on my behalf. *Maa* and *Deta*, you are the soul savior, the greatest strength of my life.

Finally, I acknowledge all my immediate family members for their love and faith bestowed upon me.
