

Acknowledgments

There are many people that I would like to acknowledge for all of their support throughout my Ph.D years.

First of all, I extend my heartiest thanks to my supervisor Prof. Ramesh C. Deka, Department of Chemical Sciences, Tezpur University for believing in me and providing this opportunity to pursue my research with his research group. I truly acknowledge his excellent guidance and constant encouragement throughout my research period. I received all due support, advice, computational facilities and above all the freedom to think independently to move forward my research plan. He has helped me on all aspects in most crucial times and I am grateful to him for his constant co-operation during the vital phase of my life.

I am grateful to honorable Vice-Chancellor, Tezpur University for allowing me to carry out my research work in a pleasant and scientific environment of Tezpur University. My sincere gratitude also goes to the entire Tezpur university fraternity for their help in many aspects.

I would like to express my grateful thanks to my Doctoral Committee members, Prof. Ashim Jyoti Thakur and Dr. Panchanan Pujari, Department of Chemical Sciences, Tezpur University for their valuable suggestions and support during my research period. I am thankful to all the faculty members and staff of the Department of Chemical Sciences, Tezpur University for their cooperation and help at various times of my research life.

I had the opportunity to interact with Prof. B. Viswanathan of NCCR, IIT Madras whose valuable advice and suggestions helped me tremendously in the initial phase of my Ph.D period. I am also very much thankful to Prof. Richard Catlow and his group, University College London, UK for giving me the opportunity to visit there laboratory and to learn various new prospects of computational chemistry.

I thank the Council of Scientific and Industrial Research, New Delhi for their financial support.

I am grateful enough to my working organization Oil and Natural Gas Corporation Limited for permitting me to continue my research along with my job. My seniors Mr. R. Saikia, Dr. J. S. Shah, Mr. Y. Ramesh along with my colleagues Sarat daa, Debabrat, Subrat daa, Jadumoni and Deepjyoti constantly encourage me in continuation of my research work.

I am especially thankful to of my seniors Dr. Bhupesh Kumar Mishra, Dr. Sanjeev Mahanta, Mr. Arup Kumar Chakrabarty and Mr. Biraj Jyoti Borah for their immense help, support and encouragement at various moments.

I am grateful to each of my labmates Nabanita baa, Subhi baa, Iftikar daa, Sanchaita baa, Nand Kishor daa, Rasna baa, Pakiza, Pangkita, Dipshikha, Snigdha, Plaban, Satya, Subrat daa and Saheen for their cooperation and providing me a friendly environment in our lab. I am also thankful to all the research scholars of the Department of Chemical Sciences.

I feel fortunate enough to have some loving, helpful and good friends around me like Amar, Smita, Subrat, Pranab, Tun, Dipshikha, Bidyut, Pankaj Lochan, Mandip, Pankaj, Prasanta, Todyut, Chandramohan and many more along with some quality juniors like Abhijit, Plaban, Satya, Anurag and Samiran who are always there for me in every phase of my life.

This journey would have been incomplete without the strength and utter faith of my parents and my sister. I express my deepest gratitude to them for their love, constant support and encouragement that make my life happy and meaningful. I would like to thank all the well-wishers for their blessings and prayers which encouraged me to complete this work.

Last but not the least, I owe my thanks to almighty for sustaining me with his grace and strength while doing my research work.
