It gives me immense pleasure to express my deep sense of gratitude to Prof. Munindra Borah, Department of Mathematical Sciences, Tezpur University who introduced me to this research field and whose guidance make me able to present this thesis. Without his constant support and encouragement, the present work would not have been possible.

I express my special thankfulness to Dr. Bhim Prasad Sarmah, Head, Department of Mathematical Sciences, Tezpur University, for providing me necessary facilities required for my work. Also I would like to express my gratitude to my doctoral committee members and the esteemed faculty members of the Department of Mathematical Sciences for their help and suggestions. I also extend my thank to our system analysts Dr. Anjan Kumar Bhattacharyya and Krishna Das for their help in the computer related works.

I express my special appreciation to Dr. Abhijit Bhuyan, Assistant prof., Department of Mathematics, CKB College, Teok, Jorhat for his help and suggestions.

This work would have not been possible but for the strong moral support and unflinching faith of my wife that has sustained me throughout this endeavour. I have no words to express my thankfulness to her. I owe my appreciation to all my family members for their encouragement.

I thank Regional Meteorological Centre, Guwahati for providing the data needed for the study.

Last but not least I would like to thank all my friends at Tezpur University for their help and inspiration. I must thank Krishna, Sangeeta, Jayanta, Dimple, Pallabi, Suparna, Jonali for their help and inspiration. Finally, I express my heartiest regards to all of my well-wishers.

Truly yours

(Dhruba Jyoti Bora)
