

ACKNOWLEDGEMENT

It gives me immense pleasure to express my heartfelt gratitude to my supervisor, Prof. Bolin Kumar Konwar, Professor Department of Molecular Biology and Biotechnology, Tezpur University, and presently Vice Chancellor, Nagaland University (Central) HQ: Lumami, Nagaland, for guiding me throughout the entire tenure of Ph.D. Without his support, encouragement and constructive criticism, the present investigation would not have been possible.

I express gratitude to the Doctoral committee members, Dr. S. K. Ray, Associate Professor, Department of Molecular Biology and Biotechnology, Tezpur University and Prof. N. Karak, Professor Department of Chemical Sciences, Tezpur University, for their kind advices and guidance during the period of my research work.

I am highly indebted to Dr. Gurvinder K. Saini, Associate Professor, Indian Institute of Technology Guwahati (IITG), for allowing me to do a part of my Ph.D. work in her lab. I sincerely thank my friends, Mr. Balwant Singh and Mr. DhanaSingh (PhD Scholars, IITG) for helping me in my work at IITG.

My sincere thanks are due to the faculty members of the Department of Molecular Biology and Biotechnology, Tezpur University, Napaam, for their help and support. It is a great pleasure to offer my sincere thanks to all staff members of the department.

The financial assistance in the form of Institutional Fellowship from Tezpur University is duly acknowledged. I also thank University Grants Commission, India, for Junior and Senior Research Fellowships under Basic Science Research [Grant No. F. 7-263/2009(BSR)] scheme.

I am highly grateful to Dildar Hussain for providing me with the samples whenever I needed them.

I thank my lab mates, Dr. Pinkee Phukon, Dr. Mayur Mausum Phukan, Dr. Pranjal Bharali, Dr. Anggana Ray, Dr. Krishna Gogoi, Dr. Kalpana Sagar, Mr. Salam Pradeep Singh, and Ms. Shyamalima Gogoi for their help and support.

I am thankful to Dr. Rahul Kumar for his immense help and support throughout my Ph.D. tenure. I also thank Dr. Jeetendra Kumar Roy, Dr. Anupam Dutta, Dr. Anusree Mahanta and Mr. Arunabha Banerjee.

I thank my batch mates Mr. Vivek Pandey, Mr. Ajay Kumar Manhar, Ms. Maitreyee Sharma and Mr. Rajeev K. Brahma for their cooperation.

I also thank Dr. (Mrs.) Juri Konwar, Chandrika and Chandrim Konwar for their support throughout the work.

I thank my friends Dr. Irfan Ahmed Rather, Mr. Irfan Bahadur, Dr. Abdul Rouf, Mr. Hamid Sana, Mr. Khalid Nabi, Mr. Sajid Ali, Mr. Faiz Ahmad, Mr. Hilal Ahmad Makroo, and Mr. Khalid Wani for their support. Special thanks to Dr. Arup Kumar Nath and Mrs. Barasa Deka for their love and support during my stay at Tezpur University.

I thank Dr. Karishma Hussain, Ms. Sabreen, Ms. Breean Zamal, Ms. Breezy Zamal, Ms. Yasmin Ara Hussain, Ms. Shagufta Jahan, Mr. Abdul Lotif, Mr. Aatur Rahman and Mr. Sohrabuddin for their moral support throughout my Ph.D. tenure.

I do not have enough words to thank my father, Mr. Bashir Ahmad Bhat and my mother, Mrs. Hanifa Begum for what they have done for me. I just pray to Almighty God to keep them always healthy and happy and make me a reason for the same. I thank my brother, Nasir Bashir for leaving his education for my sake and taking up responsibilities at a very young age. I thank my sister, Sumairah Bhat for always standing beside me, through thick and thin, and providing me much needed support. My special thanks to my better half, Sumeera Akhtar, who deserves a larger share of my success for we walked all steps together from the inception of the theory to the submission of the thesis.

At last, I thank Almighty God for keeping me safe and happy.
