

Design study of an experimental setup to measure wavelength and temperature dependent verdet constant

**A report of the Project submitted to ,
Department of physics
Tezpur University**

485

**In partial fulfillment of the requirement for
the Unit PH-500 of Msc. in Physics**

**By
Martoloya
Third Semester, Roll No: PHY 06 012
Session 2007**

**Under the guidance of
Dr. K.Kr.Baruah
Technical Officer
Department of Physics
Tezpur University**
