

## **To Whom It May Concern**

This is to certify that the project work entitled “Electrochemical synthesis and characterization of polyaniline doped with  $\text{NaClO}_4$ ” is submitted by Tanuka Karmakar, R.No.Ph-04-03,3<sup>rd</sup> semester, Dept. of Physics, is a bonafide of record of work carried out under the supervision of, Dr. Ashok Kumar, Reader, Dept. of Physics.

During the period of project work she has been sincere and hard working. I wish all the best for her.

## Acknowledgement

I would like to take this opportunity to sincerely thank my supervisor Dr. Ashok Kumar, Reader, Dept of Physics for his inspirational guidance. His assignment of the project has introduced me to the whole new world of conducting polymers. His untiring and inspiration explanation of the various phenomenon was acknowledging and valuable.

I would like to acknowledge the immense help and guidance extended by Abu M.P.Hussian, Research Scholar of Physics.

I would like to acknowledge the help extended by Mr. B. Gohain and Mr. B. Saikia of the Dept. of Chemical Science for providing me FT-IR and UV facility.

And lastly I would like to thank Nabanita Dutta for her help and support.
