

TABLE OF CONTENTS

1. Introduction	5- 6
2. Monte Carlo Simulation		
(a) System	8
(b) Model	8-9
(c) Simulation and Monte Carlo Methods	10
3. Random Numbers	11-12
4. Theory of Scattering	13-15
(a)Mie scattering theory	16-29
5. Flow Chart	30-31
6. C-programme for		
(a) sine/cosine wave	33-34
(b)Generating random no	35-36
7. Summary: Application and Future Direction	37-38
8. References	39
