

Dr.Pritam Deb

Lecturer, Dept .of physics

Napaam,Tezpur

Dated: 27.05.2008

This is to certify that the dissertation entitled “*Novel non linear kinetic analysis of solid state processes*” submitted to Department of physics, Tezpur University is a record of project work carried by Bondita Goswami under my personal supervision and guidance.

Throughout the project work she was sincere and hard working, I wish her all success in life.

Dr. Pritam Deb

Department of physics

Tezpur University

Acknowledgement

At the very onset, I would like to express my humble gratitude to my guide Dr. P. Deb sir for his helps in each and every step of my project work. His inspiration and valuable suggestions has encouraged and influenced me in my work. His guidance has helped me in creating more knowledge and much interest in this relatively new field of research of non-isothermal kinetics of solid state processes.

I would also like to thank my parents for their help and support throughout my life.

With regards,

Bondita Goswami
