I thank the almighty for his blessings and providing me the strength and will power to have faith in myself and belief in my work.

I express my sincere gratitude towards my supervisor *Prof. Nilakshi Das* for her excellent guidance during my Ph.D. tenure. Her support and belief in me to pursue research in this field has always encouraged me to do good research. Her valuable suggestions and having long hours of discussion with her have always helped me in improving the quality of my work.

I am very much thankful to my DAE-BRNS sponsored project collaborator *Dr. Kartik Patel* from Laser and Plasma Technology Division, Bhabha Atomic Research Centre (BARC), Mumbai who at present is working at UM-DAE Centre of Basic Sciences, Mumbai for his kind help and support in understanding the basics of PIC simulations. He is the creator of Picpsi-3D code which has been extensively used for conducting 3D-PIC simulations in the present thesis. We are grateful to him for providing us the code and giving us his valuable suggestions.

I am thankful to the Members of my Doctoral Committee, *Dr. Gazi Ameen Ahmed* and *Dr. Dambarudhar Mohanta* for their support and encouragement. Their valuable suggestions regarding my research work is highly acknowledged.

I am grateful to the financial support received from Board of Research in Nuclear Sciences (BRNS), Department of Atomic Energy (DAE) through a sponsored research project during my Ph.D. tenure. I would also like to acknowledge Council of Scientific and Industrial Research (CSIR) for providing me the financial support during the last days of my Ph.D. tenure.

I will always be indebted to Tezpur University for giving me an opportunity to pursue a research career in the Department of Physics.

I am grateful to *Mr. Dudu Tamuli*, the coach of TU Gymnasium for his training in keeping myself fit and healthy. His continuous support and encouragement has always filled me with spirit and made me earn medals by participating in sports such as Power Lifting and Weight Lifting.

I am thankful to my lab seniors *Dr. Saurav Bhattacharjee* and *Dr. Mahmuda*

Begum for their help in getting me acquainted with the research activities going on in our lab at the initial stage of my research work. I also thank my present lab members *Pratikshya*, *Prathana* and *Ankita* for being there with me. I will always remember the lively company of my fellow colleagues *Papari*, *Happy*, *Iftak*, *Roctotpal* and seniors *Ananya Di*, *Manash Da*, *Koushik Da*, *Pawan Da* and *Samiran Da*.
