

DECLARATION

I do hereby declare that the results penned in this thesis entitled “**Hydrogen Bonds in Molecular Crystals to Alter Properties and Controlling Drug Polymorph Nucleation**” is the result of research work carried out solely by me in the Department of Chemical Sciences, Tezpur University, Assam under the supervision of **Dr. Bipul Sarma**, Department of Chemical Sciences, Tezpur University, India.

Due acknowledgements to all related data used from different sources in order to support my research findings have been made wherever necessary. All funding agencies (SERB, UGC, DST and Tezpur University) and Commonwealth Scholarship Commission, UK have been duly acknowledged for providing split-site PhD fellowship to carry out my research work.

Place: Tezpur
