
Acknowledgement

At the beginning of writing, I bow down to the Almighty for providing this opportunity in my life. With immense pleasure, I wish to express my deep sense of gratitude and indebtedness to my respected supervisor Prof. Jiten Chandra Dutta, Department of Electronics & Communication Engineering, Tezpur University for his valuable guidance, constant encouragement, constructive criticism advice and countless help throughout the period of my research work and preparation of the thesis.

I would like to express my sincere gratitude to Prof. Partha Pratim Sahu, HoD, Department of Electronics & Communication Engineering, Tezpur University for his kind suggestions. I am also thankful to Prof. Satyajib Bhattacharyya (Ex-HoD), Department of Electronics & Communication Engineering, Tezpur University and doctoral committee for their proper encouragement in my research work.

I am grateful to all the faculty members and staff members of this department for their moral supports in my research work. I am grateful to my senior research scholars: Monaj Kumar Sarma and Taslima Ahmed for their valuable suggestion in this work. I am highly grateful to my research colleagues: Md. Abdul Barik, Rashmi Deka, Hiranya Ranjan Thakur, Purnima Kumari Sharma, Gaurav Keshwani for their helps and support to my research work. I am also thankful to Pranjal Barman, Chinmayee Hazarika and all the research scholars of the Department for

their support in this work.

I would like to acknowledge Tezpur University for providing laboratory facilities for this work.

Finally, I express my deepest gratitude to my parents, parents in-law, Husband and Mrs. Rita Dutta for their unconditional love and faith, co-operation and moral support during the entire period. My acknowledgment would be incomplete without acknowledging my six months old baby, Girvaan (Miku), thank you Miku for understanding me and for all your cooperation. At the end, I once again thank the Almighty for his blessings bestowed upon me to complete this thesis.
