

## **ACKNOWLEDGEMENT**

*First and foremost, I bow my head to the almighty God for good health and wellbeing that were necessary to complete this work successfully.*

*I would like to express my sincere gratitude to the Vice-Chancellor, Prof. Vinod Kumar Jain, former Vice-Chancellor, Prof. Mihir Kanti Choudhury of Tezpur University, for providing all the necessary facilities in the University Campus to carry out my research work.*

*I am grateful to Dean, School of Sciences, Tezpur University for academic support and generosity.*

*I am indebted to UGC, Govt. of India for providing me with UGC-BSR (JRF/SRF) fellowship to continue my research work.*

*I shall forever remain indebted to my supervisor Prof. Suvendra Kr. Ray, Dept. of Molecular Biology and Biotechnology for his inspiration, stimulating ideas and moral support throughout. It has been an honour for me to be his student; a person with enthusiasm and positive disposition. I appreciate all his contributions of time and efforts towards making my research work successful.*

*I extend my sincere gratitude to esteemed doctoral committee members Prof. S. Baruah, Prof. M. Mandal, & Dr. S. Saha for their valuable suggestions and encouragement throughout the tenure.*

*I deeply acknowledge, Head, Dept. of Molecular Biology and Biotechnology for providing the necessary facilities to carry out research work in this department and for his kind support. I do, hereby, acknowledge all faculty members of Dept. of Molecular Biology and Biotechnology for their good advices and kind help.*

*I am especially thankful to all the technical as well as non-technical staff members of Dept. of Molecular Biology and Biotechnology for their help during the period.*

*The members of my lab have contributed immensely to my research work as well as to my personal time. I extend my gratitude to my seniors Dr. Rahul Kumar and Dr. Anjan Barman and Dr. Niraj Agarwala for their ideas, kind help and support. I was lucky enough to have all the lab-mates Kristi Kabyashree, Pankaj Losan Sharma, Niraj Singh and Ruksana Aziz and my heartedly thanks goes to them for exciting*

*discussions, ideas, help and of course, the tea parties. My special thanks to Kristi for the help whenever I asked for during my PhD pursuit. I have had the pleasure to work alongside many MSc. Students and project interns during my stay in the lab.*

*I was privileged to learn from esteemed scientists that had visited our laboratory. I shall always remain grateful to Prof. Stephane Genin Sir; distinguished scientist and expert in *Ralstonia solanacearum* research, LIPM, France for providing me genetic tools that made this work successful. I am thankful to Prof. Lingaraj Shahoo Sir, IIT-Ghy, for the help in doing “HR assays” in tobacco plant. Once again I am thankful to Ray sir.*

*My sincere gratitude to Dr. Jyoti Prasad Saika Sir, for his suggestions in germinating eggplant seeds. I also thank Nilanjana for her help in doing RT-PCR experiments.*

*My stay in this University was made enjoyable due to my friends who have become a part of my life. I shall always remain grateful to all my friends, seniors, juniors, my well-wishers; without their solemn presence & kind support my research venture won't have been successful.*

*I extend my sincere gratitude to a special person of my life, Manujjal Gogoi for being the driving force of this journey with all his unwavering moral and emotional support.*

*My special thanks to Sumita, Debashree, Akash, Dhruva, Bhaskar da, Kuldeep da for their support. I will cherish the moments spent together all throughout my life.*

*Lastly, I owe a lot to my beloved parents, my uncle-aunt, my brother, sisters and my family. Thank you for being with me in every step of my life. I miss my grandmother who was eager to see the completion of my work.*

*I thank all those people who have helped me in some way or the other whose names I may have missed out.*
