

## Acknowledgement

---

With deep gratitude I express my sincere thanks to my supervisor Dr. Brijesh Srivastava, Associate Professor & Head, Department of Food Engineering and Technology, Tezpur University, Tezpur, Assam for his diligence, adept guidance and untiring efforts that helped me in completing the thesis. I am also grateful to him for all the concern and valuable suggestions right from the beginning of the project until its successful completion. It has been a great experience to work under his supervision. I am deeply thankful to him for channelizing my research in a systematic manner. I also express my sincere gratitude to my co-supervisor Dr. Navin K Rastogi, Chief Scientist, Department of Food Engineering, CFTRI Mysore, Karnataka for his consistent guidance and suggestions throughout my PhD work.

I express my deep sense of gratitude to Dr. Vinod Kumar Jain, Vice-Chancellor, Tezpur University, Tezpur, Assam for providing the opportunity to carry out the thesis work. I am also grateful to Prof. Charu Lata Mahanta, Dean School of Engineering, Tezpur University and Dr. Lakhi Boral, Controller of Examination, Tezpur University for their constant support throughout the thesis.

With a sense of gratitude and great pleasure, my thanks goes to the esteemed member of my Doctoral Committee, Dr. Manabendra Bhuyan, Professor, Department of Electronics and Communication Engineering, Tezpur University, Dr. Sankar Chandra Deka, Professor, Department of Food Engineering and Technology, Tezpur University and Dr. Manuj Kumar Hazarika, Associate Professor, Department of Food Engineering and Technology, Tezpur University for their valuable suggestions and encouragement at various stages of investigation and thesis writing.

Heartfelt thanks are due to the members of Departmental Research Committee for extending all sorts of help and guidance whole throughout my research work. I also acknowledge all the faculty members from the Department of Food Engineering and Technology, Tezpur University, for their regular suggestions and encouragement.

I am extremely grateful to Prof Charley Wu, Professor at Department of Chemical and Process Engineering, University of Surrey, Guildford GU27XH, UK for allowing me to work under his supervision during the Commonwealth Split-site program for the period of 12 months starting from 21 November 2016. Surrey was too

---

---

far and quite a new place for me, I express me deep thanks to the entire Surrey Islamic society, Isah Chedi, Saleh, Zakariya, Pradeep, Piyush, Shwetha, Nitish, Rajesh, Utsab and Dr. P Gogoi who actually made my stay comfortable in Guildford surrey.

I wish to thank sponsors of my PhD, the Ministry of Minority affairs Govt. of India, for the award of Maulana Azad National Fellowship 2013-14 (letter No F1-17.1/2013-14/MANF-2013-14-MUS-JAM-24351 of 06-02-2014) and Commonwealth Scholarship Commission in the UK for the award of a Commonwealth Split-site Scholarship 2016-17 (Ref. No. INCN-2016-149). Without the financial assistance received from the stated sponsors, it wouldn't have been possible for me to perform the present research.

I also wish to express my sincere thanks to my colleagues who supported me and provided much needed encouragement during my research work. Thanks are due to the technical staff of the Department for providing the necessary help and assistance in carrying out my research work in the Department of Food Engineering and Technology, Tezpur University, Tezpur, Assam.

I express my thanks to all, whose names have not been mentioned individually but have helped me directly or indirectly in this work.

Family is what a person needs to celebrate, to share things with, I was blessed to receive the love, care and support same as of my own family from Khukan Sarkar's family (Rajib and Biju), Dr. A K Nath, Dr. B Deka, Dr. M Eqbal, Juhi Saxena and Sohrab uncle. The moments spent with all of them are unforgettable and will be cherished lifelong. Finally, I express my appreciation of the unspoken contribution of my family whose constant love and support have motivated me during this entire time of PhD program.

Above all, I am thankful to "The Almighty" who has showered his blessings on me to complete my PhD thesis.
