

ACKNOWLEDGEMENTS

The key of success is action and the essential in action is perseverance. The path to success is to take massive determined action

- Tony Robbins

It is a pleasure to convey my gratitude to all who contributed in different ways to this research. Foremost, I thank all the participants of this research for their effort and time to help out with the research, I humbly acknowledge their contribution. I am greatly thankful to the almighty for giving me such strength and enabled me to accomplish this energy intensive and demanding work successfully

I convey my respectful obeisance to my PhD Supervisor, Professor Ashis Kumar Mukherjee for his supervision, advice, and guidance from the very early stage of this research. I sincerely thank for giving me freedom, for the democratic style of functioning, for the trust and confidence on me, which helped me to work to the best of my ability that helped me to successfully complete my research work. I deeply respect his dynamic vision, sincerity and dedication towards research and it was a great privilege and honour to work under his able guidance. Moreover, thanks for the spontaneous acts of concern and support, whenever I was in need.

I offer my gratitude to Prof. Mihir K Choudhari, the former Vice Chancellor of Tezpur University and Prof. Vinod K Jain, the Vice Chancellor of Tezpur University, for providing me the opportunity to work in this esteemed university. I always feel fortunate to be a part of this university which has a very good environment for research among the students.

I deeply acknowledge the Heads, Department of Molecular Biology and Biotechnology, Tezpur University for extending all possible facilities for carrying out my research work. I wish to express my appreciation and thanks to my Doctoral Research Committee members- Professor K.P. Sarma, Department of Environmental Sciences, Dr. Robin Doley and Dr. R. Mukhopadhyay, Department of Molecular Biology and Biotechnology along with all the staffs of Tezpur University (TU) fraternity for the unprecedented help, valuable suggestions and inspiration throughout the course of this study.

I sincerely thank Tezpur University (Institutional Fellowship), UGC-SAP, New Delhi, and BIG-BIRAC, Department of Biotechnology, New Delhi for providing me the financial support for carrying out my research work.

I sincerely thank Dr. Siddhartha S. Ghosh, Dept. of Bioscience and Bioengineering, Indian Institute of Technology, Guwahati for MALDI-TOF-MS and CD analyses. I also thank Centre for Cellular and Molecular Platforms (C-CAMP) for LC-MS/MS analysis. I sincerely thank Care Keralam, Kerala and DBT-IPLS, Calcutta University for GC-MS and ITC analyses. I am also thankful to Dr. Pronobesh Chattopadhyay, DRL, Tezpur, Dr. Rajlakshmi Devi, IASST, Guwahati and Dr. Anirban Pal, CSIR-CIMAP, Lucknow for helping in performing the animal experiments.

I also take this opportunity to thank Dr. K. K. Hazarika, Dr. N.K. Bordoloi, Mr. S. Kakoty, and Mrs. Pranita Deka for all the help they have provided me during my PhD tenure. I especially thank Mr. P. Mudoj for his technical assistance for performing the spectrofluorometric studies.

I sincerely thank my lab seniors, Dr. Debashree Saikia, Dr. Jetendra K. Roy, Dr. Rupamoni Thakur, Dr. Sourav Majumdar, Late Mrs. Bandana Bora for practically helping me in understanding different aspects of research. I am also thankful to my lab mates, Ms. Sumita Dutta, Mr. Bhargab Kalita, Mr. Taufikul Islam, Mr. Abhishek Chanda, Mr. Aparup Patra, Ms. Bhavana Das, Ms. Nitisha Boro and Ms. Swagata Das. I have absolutely enjoyed the research atmosphere of my lab, and the unconditional support and love extended by my lab colleagues.

I also take this opportunity to thank all my seniors and friends from Tezpur University, IASST, Guwahati, IIT Guwahati and CSIR-CIMAP, Lucknow whose company I have enjoyed during my stay at various places and providing me the friendly environment for performing all experiments.

I must convey my deepest thanks to Mayur da, Bhaskar da, Monoj da, Iftikar da, Pankaj da, Prasanta da, Pitambar, Kumar, Manas, Rebo, Pankaj, Akash, Sourav, Pranjal, Biplob, Homen and many more for making my stay in the campus a pleasant one. The completion of this work would have been impossible without their help, encouragement, moral support and cooperation.

I would like to acknowledge the reviewers and referees who assessed my work during the publication of the manuscripts and provided valuable appreciation and suggestions which helped me tremendously. They being the greatest critics of my research, I learned the many aspects to consider, further improving and consolidating the study.

I especially thank my sisters Junmoni and Ranjumoni, brother-in laws Jutish and Arun and Geetika for their fervent love and unfailing support that encouraged me to finish this research.

Finally, I would like to thank all the people whose direct and indirect support has helped me complete my research work.
