

ACKNOWLEDGEMENTS

First and foremost, I bow in front of the Almighty and thank Him for providing me vigour to make a humble contribution to the society through my research work.

I convey my respectful obeisance to my Ph.D. Supervisor, Professor Ashis Kumar Mukherjee, for introducing me to this exciting yet challenging field of snake venoms. His tenacious motivation, valuable suggestions, and unparalleled support and guidance throughout my Ph.D. tenure have helped me to successfully complete my research work. I deeply respect his dynamic vision, sincerity, and dedication towards research and it was a great privilege and honour to work under his able guidance.

I offer my gratitude to Prof Mihir K Choudhari, the former Vice Chancellor of Tezpur University and Prof Vinod K Jain, the Vice Chancellor of Tezpur University, for providing me the opportunity to work in this esteemed university. I always feel fortunate to be a part of this university which has a very good environment for research among the students.

I sincerely thank Tezpur University (Institutional Fellowship), and Department of Biotechnology, New Delhi for providing me the financial support for carrying out my research work.

I deeply acknowledge the Heads, Department of Molecular Biology and Biotechnology, Tezpur University for extending all possible facilities for carrying out my research work. I am also thankful to my Doctoral Committee members - Prof Swapan K Dolui, Dr. Suvendra K Ray and Dr. Sougata Saha; all the members of the Departmental Research Committee and all the faculty members of Department of Molecular Biology and Biotechnology for their valuable suggestions and inspiration throughout the course of this study.

I sincerely thank Dr. Siddhartha S. Ghosh, Dept. of Bioscience and Bioengineering, Indian Institute of Technology, Guwahati for MALDI-TOF-MS analysis. I also thank Centre for Cellular and Molecular Platforms (C-CAMP), NCBS-TIFR, Bangalore, Kalinga Institute of Industrial Technology-Technology Business

Incubator, Bhubaneswar and Rajiv Gandhi Centre for Biotechnology, Kerala for LC-MS/MS analysis.

I also take this opportunity to thank Dr. K. K. Hazarika, Dr. N. K. Bordoloi, Mr. S. Kakoty, and Mrs. Pranita Deka for all the help they have provided me during my Ph.D. tenure. I especially thank Mr. P. Mudoj for his technical assistance in the spectrofluorometric studies.

I sincerely thank my lab seniors, Dr. Debashree Saikia, Dr. Jetendra K. Roy, Dr. Rupamoni Thakur, Dr. Sourav Majumdar, Late Mrs. Bandana Bora, and Mr. Debananda Gogoi for practically helping me in understanding different aspects of research. I am also thankful to my lab mates, Ms. Sumita Dutta, Mr. Taufikul Islam, Mr. Abhishek Chanda, and Mr. Aparup Patra. I have absolutely enjoyed the research atmosphere of my lab, and the unconditional support and love extended by my lab colleagues.

I also take this opportunity to thank all my seniors and friends from Tezpur University, especially, Pranjali Da, Niraj Da, Simran Ba, Saurav Da, Pankaj, Dhruva, Saurav, Akash, Anuj, Pitambar, Dipanjan, Minhaj, Urbashi, and many others, whose company I have enjoyed during my stay at Tezpur University.

Last but not the least; I thank my parents for their endless support. It is due to their hard work and constant encouragement that I stand here today. Special thanks to my sisters, Priyanka and Karabi, whose innocent love and support have helped me in many ways.

Finally, I would like to thank all the people whose direct and indirect support has helped me complete my research work.
