

Acknowledgement

Without the support and needful help of good people, it is very difficult to achieve conclusion in any research. Thank you "God" for creating me surrounded by good people. It gives me immense pleasure to express my deep sense of gratitude to those who have helped me directly or indirectly in accomplishing my research work; without whom the thesis would not have been possible.

At the very outset of this journey, I would like to convey my sincere gratitude to my respected supervisor, Dr. Gazi A. Ahmed, for his enduring guidance, enthusiastic encouragement, inspiration, care and support towards positive approach and constructive assessment of this research work. He allowed me to have independent thinking and guided me to turn ideas into reality. I always owe you Sir.

I would also like to offer special thanks and gratitude to my mentor Pawan Chetri, for his influential presence throughout this journey. I can never forget his inspiring and constructive advices during a crucial phase of my Ph.D work. His valuable suggestions and criticism have inspired me to put my sincere efforts into my work. Besides my supervisor he is also one of the people who set a direction to the road ahead.

I would also like to thank my Doctoral Committee: Dr. Shyamal Kumar Das and Prof. S. K. Dolui for their insightful comments, encouragement and positive assessment of my progress throughout my research work and timely advices for bettering various critical aspects of the work.

I also express my sincere gratitude to Prof. Nidhi. S. Bhattacharyya, Prof. J. K. Sarma and Dr. P. Nath of Dept. of Physics, Tezpur University for their valuable advice, encouragement and support throughout my research work.

I would also like to acknowledge Kaushik Saikia, Samiran Hazarika and Pallabi Gogoi for their valuable help in doing my experimental work. I offer my sincere gratitude to my friends, specially Manjit, Iftikar, Bikash, Manash, Pragyan, Rocktotpal, Bijay, Nilutpal, Gautam Kalita, Surajit, Dintu, Jyotirmoy for their encouragements, inspirations, precious suggestions and significant help throughout my research work. A special thanks to Nabadweep, Iftak, Homen, Dhruba, Arunav, Dipangkar, Jagat, Swati, Saurabh, Sivashis, Jayanta Hazarika, Devalina, Manikanta, Deep, Parag, Rituraj, Rajib, Rupam, Hari,

Acknowledgement

Parama, Gautam, Jnanendra, Sudarsan, Kiran, Todyut and Litul. It has been a wonderful experience to spend some very special and memorable moments of my life with you all wonderful people. I am fortunate enough to have such good friends.

I am also grateful to the technical staff of Dept. of Physics, specially Ratan da, Dr. K. Baruah, Dhruva da, Palash da, Biju and Biswa for their technical support. Special mention Patir da and Narayan da for their help and support during my research work. I also thank Kurmi da for his help during experimental work. Thanks to the administrative and Library staff and SAIC of Tezpur University for their help and support.

A special mention must be made for my special relatives, Subhash Kalita and his family for extending their kind co-operation, help and moral support from time to time during my PhD work.

I would like to express my deep apperception towards my family members, my elder sisters Bandana ba, Swapna ba, Pranita ba and Mani ba; Meghali (Maina), Siddhartha(Boo), Maa(Purnima Chetia), Bhupen(Jun), Abhijit Das(Vindeu), Girin Patgiri(Vindeu), Anushka(Manu), Seema bou, Karuna da, Dipen da, Paban mama, Bhupen da, devajit da for providing me the moral support, continuous help and encouragement for the whole PhD life. Your encouragements and faith on me helped me to reach here. I also thank Bibha ba, Dilip da and his family, Bhupesh da and his family for helping me in many needful ways.

I am always indebted to my parents, Late Nakul Ch. Kalita and Late Nalini Bala Kalita, whose presence I do really miss. May God bless their souls to rest in the heaven.

Last but not the least, I offer my regards and affections to my beloved Lakhi from the deepest core of my heart. Without your care, love, encouragement, constant inspirations, help and never ending supports it would not be possible for me to reach here. Thank you for being the other half of my life.

“Thanks to the Almighty for blessing me life.”

Debabrat Kalita
