

ACKNOWLEDGEMENT

This work would not have been possible to undertake and accomplish if it was not due to endeavored support and encouragement from numerous individuals. It is a pleasant honor to convey my heartiest thanks to all those who offered help and support during my PhD work. Without their continuous support and encouragement, this would not have been possible.

I would like to pay respect and deepest gratitude to my esteemed supervisor Prof. Swapan Kumar Dolui for his efforts to get me admitted into the PhD program. I will be forever grateful for his valuable suggestions, inspiring guidance, fatherly care and encouragement throughout my research tenure. Thank you Sir for all you've done for me. I will be indebted to you forever in my life. Words cannot express all that I wish to say to you.

I remain obliged to my doctoral committee members, Dr. Robin Kumar Dutta and Dr. Dambarudhar Mohanta for their support and suggestions. I take this opportunity to express my sincere thanks to the Head, Department of Chemical Sciences, Tezpur University for giving me the opportunity to work in the department and making all the facilities available for my research work.

My gratitude goes to the Vice-Chancellor, Tezpur University for his invaluable encouragement and support.

My special appreciations go to all the technical staff of Department of Chemical Sciences for their constant help and support during my research work.

I would like to extend my warm thanks to all my dearest friends for their inspiration, special friendships, support and invaluable suggestions. I am thankful to my lab mates Anindita, Bhaskar, Simanta, Bikash, Pranob da, Dhaneswar da, Monalisha ba, Chandramika ba, Momina ba, Shyamalima ba, Shahnaz and Suman whose ideas, love and encouraging words have made my journey beautiful. I will remember them forever for their encouragement and invaluable help. I would like to express my heartiest love to my friends Rahul Milli, Bedanta Gogoi and Rajiv Khatioda for their well wishes, unconditional help, inspiration and moral support in all aspects throughout my research tenure.

I gratefully acknowledge the funding received from Department of Electronics and Information Technology, (DeitY), Tezpur University and Council of Scientific and Industrial Research (CSIR), India.

I am grateful to Mrs. Sutapa Dolui for her motherly care, kindness and encouragement, and Swapnil Dolui for his brotherly affection. My most loving gratitude goes to my Mahi, Moha, Raktim, Baa and Bhaiti for their countless sacrifices, moral support, constant prayers and encouragements for my career. I am thankful to my late Maa and Deuta, who always showed belief in me. You are both gone but your blessings have made this journey possible. Last but certainly not the least, I would like to thank the Almighty God for everything He has bestowed upon me.
