<b>Abstract</b>	v
<b>Declaration by Candidate</b>	ix
<b>Certificate by the Supervisor</b>	xi
<b>Certificate by the Co-Supervisor</b>	xiii
<b>Acknowledgements</b>	xv
<b>List of Publications</b>	xix
<b>1 Introduction</b>	1
1.1 Cosmic Dust . . . . .	1
1.1.1 Origin and evolution . . . . .	2
1.1.2 Extinction and reddening . . . . .	3
1.1.3 Grain properties . . . . .	5
1.1.4 Overview of dust models . . . . .	9
1.2 Multi-wavelength observatories . . . . .	10
1.2.1 Space-based . . . . .	11
1.2.2 Ground-based . . . . .	14
1.3 Computational methods . . . . .	14
1.3.1 Aperture photometry . . . . .	14
1.3.2 Correlation studies . . . . .	16

---

1.3.3	Extinction calculations . . . . .	17
1.4	Objectives and Thesis outline . . . . .	18
<b>2</b>	<b>Dust origins in the Milky Way</b>	<b>21</b>
2.1	Motivation . . . . .	21
2.2	Sample of Observations . . . . .	22
2.3	Data analysis and Results . . . . .	23
2.4	Discussion and Conclusions . . . . .	30
<b>3</b>	<b>Diffuse dust emission in the Large Magellanic Cloud</b>	<b>33</b>
3.1	Introduction and Motivation . . . . .	33
3.2	Sample of Observations . . . . .	34
3.3	Data analysis and Results . . . . .	35
3.4	Discussion and Conclusions . . . . .	42
<b>4</b>	<b>Abundance of PAHs in the Small Magellanic Cloud</b>	<b>45</b>
4.1	Introduction and Motivation . . . . .	45
4.2	Sample of Observations . . . . .	47
4.3	Data analysis and Results . . . . .	48
4.4	Discussion and Conclusions . . . . .	60
<b>5</b>	<b>Dust scattering in the Galaxy: a case study of Orion</b>	<b>63</b>
5.1	Introduction and Motivation . . . . .	63
5.2	Sample of Observations . . . . .	64
5.3	Dust scattering model . . . . .	65
5.4	Data analysis and Results . . . . .	68
5.5	Discussion and Conclusions . . . . .	74
<b>6</b>	<b>Dust grain composition and properties around Young Stars</b>	<b>77</b>
6.1	Introduction and Motivation . . . . .	77

6.2	Sample of Observations . . . . .	80
6.3	Composite dust grain models . . . . .	81
6.4	Data analysis and Results . . . . .	85
6.5	Discussion and Conclusions . . . . .	89
<b>7</b>	<b>Conclusions</b>	<b>95</b>
7.1	Key results of Correlation Studies . . . . .	95
7.2	Key results of Dust Modelling . . . . .	97
<b>8</b>	<b>Summary and Future outlook</b>	<b>101</b>
	<b>Bibliography</b>	<b>107</b>
