

**FABRICATION OF BAMBOO FIBER REINFORCED POLYMER
COMPOSITE MATERIAL USING TWO DIFFERENT
TECHNIQUE**

AND

**EVALUATION OF MECHANICAL AND THERMAL
PROPERTIES**

*A dissertation Submitted in Partial Fulfilment of the
Requirement for the degree of*

Master of Technology
in
Mechanical Engineering
(Specialization: Machine Design)

By

Parthapratim Barman (MEM20023)

Under the supervision of

Dr. Polash Pratim Dutta
