

## ACKNOWLEDGEMENTS

---

First of all, I express my deepest gratitude to the Almighty, who blessed me with the zeal and enthusiasm to complete this research work successfully. I am extremely thankful to my supervisor Prof. Santanu Sharma, Professor, HOD, Department of Electronics and Communication Engineering, Tezpur University, for his constant motivation and tireless efforts to help me to get deep knowledge of the research area and supporting me throughout the life cycle of my M. Tech. dissertation work. Especially, the extensive comments, healthy discussions, and fruitful interactions with the supervisors had a direct impact on the final form and quality of M. Tech. dissertation work.

I am also thankful to my co-supervisors Dr. Ratul Kr. Boruah and Dr. Durlav Sonowal, for their fruitful guidance through the early years of chaos and confusion. I wish to thank my labmates Rajjul, Dorothy, Arindom and seniors like Kritanjali Das, Anjana Saikia, Shubhankar Chokraborty, Anita Gupta. I am thankful to my parents who stood with me in every situation. I am thankful to Mr. Abinash Medhi, RS of Department of Physics, TU for the fruitful discussions and valuable comments during the course of the project. I wish to thank all the faculty members and supporting staff of the Electronics and Communication Engineering Department for their full support and heartiest co-operation. This thesis would not have been possible without the hearty support of my friends.

Finally, I would like to acknowledge the beautiful Tezpur University's entire fraternity for gifting me these most memorable two years of my life, which I will cherish forever.
