

ACKNOWLEDGEMENT

At the very outset, I wish to express my sincere thanks to my respected supervisor Dr. Pankaj Bharali, Assistant Professor, Department of Chemical Sciences, Tezpur University, Assam, for his precious supervision, astute guidance, constant encouragement throughout the course of my research work, which enabled me to complete this thesis without any obstruction. His enthusiastic attitude, innovative ideas and scientific knowledge have inspired me profoundly. I shall be remaining ever grateful in my life to him for his teaching, guidance, friendly approach and wonderful personality.

I am extremely grateful to the honorable Vice-Chancellor of Tezpur University Prof. Vinod Kumar Jain, for allowing me to carry out my research in a cordial and scientific environment. I also thank the entire university fraternity for facilitating me with all the basic necessities to make my stay in the campus comfortable during the period of my research work.

I am really grateful to Prof. Ashim Jyoti Thakur, HOD, Department of Chemical Sciences, Tezpur University for his valuable help and support in various aspects. Also, I truly thank my Doctoral Committee members, Prof. Ramesh Ch. Deka and Prof. Ashim Jyoti Thakur, Department of Chemical Sciences, Tezpur University for their valuable suggestions and help during my research period. I thank all the faculty members and colleagues of the Department of Chemical Sciences, Tezpur University for their cooperation and help at various times.

I thank the Department of Science & Technology (DST), Govt. of India and Russian Foundation for Basic Research (DST-RFBR) for financial support to visit Boreskov Institute of Catalysis, Russia and work with Prof. M. A. Kerzhentsev and his group during my research tenure.

I am cheerful to offer my thanks to Prof. Yusuke Yamada, Osaka City University, Osaka, Japan, Dr. Putla Sudarsanam, Leibniz Institute for Catalysis, Germany, Prof. Suresh K. Bhargava, RMIT University, Australia and Prof. M. A. Kerzhentsev, Boreskov Institute of Catalysis, Russia for their invaluable help during my research period.

I also thank the reviewers of my manuscripts for their comments and suggestions which helped me to improve my research work. I would like to thank SAIC, Tezpur University; SAIF, North-Eastern Hill University (NEHU); CIF, Indian Institute of Technology, Guwahati (IITG), Osaka City University, Boreskov Institute of Catalysis,

Russia and RMIT Australia for allowing me to carry out my research work with their instrumental facilities.

I am earnestly thankful to research scholars of the Department of Chemical Sciences, Tezpur University. I am very much grateful to my labmates Himadri Saikia, Pangkita Deka, Kumar Kashyap Hazarika, Chiranjita Goswami, Bhugendra Chutia, Monuj Mondal, Rasna Devi, Dipshikha Bharali for their help throughout the entire period. My joy knows no bound in expressing my cordial gratitude to my friends especially Arup Kumar Chakrabarty, Sarat Bora, Abhijit Mahanta and Debajyoti Bhattacharjee for their constant support and encouragement during my PhD research period. Thank you for everything.

I gratefully acknowledge all my teachers at Jorhat Moktab L. P. School, Jorhat Govt. Boy's H.S. & M.P High School, J. B. College Jorhat, and Dibrugarh University, Dibrugarh for whom what I am today.

Above all, words are not enough to express my love and gratitude to my family members. My loving brothers Kaku, Jun, 'bau' Babli and Ruman and niece and nephew Kuhi and Adi are greatly acknowledged for their unforgettable love, help and the facilities they provided to me. It also gives me great pleasure to thank all my 'maha-mahi' especially Sri Sriram Baruah, 'khura-khuri', 'mama-mami' and beloved 'Aaitama' for their love and encouragement to me over the years. I don't know whether it is possible to convey my deepest gratitude and respect to my beloved parents in mere words, who were always there to support and inspire me, and suffered lot of pain and personal sacrifices to make me competent enough to carry out my Ph.D. work. My successes are dedicated to my family now and always.

Last but not the least; I would like to thank my wife, Kakoli Dutta and little baby Geet for all his patience, encouragement, love and being the greatest strength throughout my life.

Finally, I would like to thank the Almighty for his blessings and strength throughout my entire life

(Biraj Jyoti Borah)
