

DEDICATED TO

I dedicate my thesis to my parents in appreciation of their unending love, support, and encouragement throughout my academic career. I hope this achievement will fulfill the dream they envisioned for me.

Declaration

I **Miss Munmi Borah** is a bonafide student of **PhD in Education in Tezpur University**, Assam would like to declare that the thesis entitled- EFFECTIVENESS OF INTERVENTION PROGRAM IN FOSTERING ACADEMIC RESILIENCE AMONG SECONDARY LEVEL STUDENTS OF FLOOD AFFECTED AREAS OF MAJULI DISTRICT IN ASSAM is my own work conducted under the supervision of Dr. YEASMIN SULTANA, ASSISTANT PROFESSOR, DEPARTMENT OF EDUCATION of TEZPUR UNIVERSITY, submitted by me for the partial fulfilment of the degree of Doctor of Philosophy in Education.

Place: Tezpur University

Date: 10-03-2023

(Miss Munmi Borah)

Registration No: TZ155888 of 2015

TEZPUR UNIVERSITY

(A Central University established by an Act of Parliament)

Dr. Yeasmin Sultana
Assistant Professor

Email: yeasmin@tezu.ernet.in
Ph : (3712) 275653 (O)

Certificate from Supervisor

This is to certify that the thesis entitled Effectiveness of Intervention Program in Fostering Academic Resilience among Secondary Level Students of Flood Affected Areas of Majuli district in Assam submitted to the School of Humanities and Social Sciences, Tezpur University in partial fulfilment for the award of the degree of Doctor of Philosophy in Education is a record of research work carried out by Miss Munmi Borah under my supervision and guidance.

All help received by her from various sources have been duly acknowledged.

No part of this thesis has been submitted elsewhere for award of any other degree.

Date: 10-03-2023

Place: Tezpur University

(Dr. Yeasmin Sultana)

Supervisor

Acknowledgement

I would like to express my thanks to my guide/supervisor, Dr. Yeasmin Sultana, who guided me and gave her time till I accomplished this study. Also, I thank my guide for her excellent suggestions, support, and encouragement and for her precious contribution and comments she suggested making this study more perfect.

I would also like to express my thanks to my Doctoral Committee members Prof. Nil Ratan Roy, Dr. Pratima Pallai and all the faculty members of the Department of Education for having helped me morally and giving their continuous support and guidance without which, I wouldn't have achieved my target.

I owe special thanks to Dr. Devraj Goel, Professor Emeritus, M. S. University of Baroda for his guidance and expert opinion in developing the Academic Resilience Module and the Academic Resilience Scale.

My warmest thanks to Prof. K. Pushpanadham, Professor, M. S. University of Baroda for his guidance and expert opinion in developing the Academic Resilience Module and the Academic Resilience Scale.

I would like to express my special thanks to Dr. Rajendra Pal, Professor, CIET, Delhi for his guidance and expert opinion in developing the Academic Resilience Module and the Academic Resilience Scale.

I would like to express my special thanks to Dr. Mohammad Shaheer Siddiqui, Associate Professor, Aligarh Muslim University for his guidance and expert opinion in developing the Academic Resilience Module and the Academic Resilience Scale.

My special thanks to Prof. Anastassios Matsopoulos, University of Crete, Greece for his guidance and expert opinion in developing the Academic Resilience Module and the Academic Resilience Scale.

I would like to express my special thanks to Dr. Kaberi Saha, Professor, Gauhati University for her guidance and expert opinion in developing the Academic Resilience Module and the Academic Resilience Scale.

I would like to express my special thanks to Prof. Nikme Momin, Professor, NEHU, Tura Campus for her guidance and expert opinion at the time of upgradation of the NF-OBC JRF to NF-OBC SRF.

I would like to express my special thanks to Dr. S. C. Subudhi, Associate Professor, NEHU, Tura Campus for his guidance and expert opinion in the analysis and interpretation part of my study.

I would like to express my special thanks to Dr. Farah Hussain, Assistant Professor, Tezpur University for her guidance and expert opinion in the analysis and interpretation part of my study.

I would like to express my special thanks to Prof. Manashee Gogoi, Professor, Dibrugarh University for her guidance and expert opinion in the analysis and interpretation part of my study.

I would like to express my special thanks to Dr. Sugandhi Das, Assistant Professor, Mariani College for her guidance and expert opinion in the translation of the Academic Resilience module and the Academic Resilience scale in Assamese.

I wish to express my thanks and appreciation to the Headmaster- Sri Deben Borah and Sri Binanda Kaman and the teachers of both the Schools who gave permission to conduct the experimental study in spite of the Covid-19 Pandemic with full cooperation and also would like to express my thanks and appreciation to all the students of Chelek Janajati High School and Malapindha Tribal High School who have whole heartedly participated in this study.

I would also like to express my heartfelt thanks to the faculty members and Research Scholars of Department of Education, M. S. University, Baroda along with the faculty members of Department of Education and Department of Psychology, NCERT (New Delhi) for having helped me during my library visit.

I thank NCERT, New Delhi for the award of NCERT Doctoral Fellowship, 2018 and would like to express my gratitude to the panelist for their expert opinion in my study. I would also like to express my gratitude to all the staff members of the Division of Educational Research, NCERT (New Delhi) who have cooperated with me during the fellowship period.

I thank University Grant Commission, New Delhi, for awarding me NATIONAL FELLOWSHIP FOR OTHER BACKWARD CLASSES” (NFOBC), 2018-19 to carry out my PhD work.

I wish to express my sincere gratitude to my parents (Lakhi Ram Borah and Kabita Borah), my brother (Nupur Ranjan Borah) and my well-wishers who have continuously supported, motivated, encouraged and helped me a lot. Without their help and support I wouldn't have reached today at this juncture of my life.

Munmi Borah

List of Table

Table No.	Table Name	Page No.
3.1	Non-randomized control group pre-test post-test design	70
3.2	School wise number of students selected	71
3.3	Design of the Study	75
3.4	Academic Resilience Module	76
3.5	Dimensions of Academic Resilience Module	79
3.6	Academic Resilience Module	78
3.7	Activities, ways, and strategies dimension wise	81
3.8	Design of the Academic Resilience Module	82
3.9	Item wise Discriminatory power value of the Academic Resilience Scale	84-85
3.10	Dimension wise distribution of the items in the Final Draft of the Scale	85
3.11	Scoring pattern	86
4.1	Table showing t test result on Academic Resilience at the pre-test and post-test level	90
4.2	Descriptive Statistics	92
4.3	Adjusted Mean Scores of Academic Resilience	93
4.4	Summary of one-way ANCOVA on Academic Resilience by considering pre-test as covariate	93
4.5	t test result of the Control and Experimental group before and after the Intervention with reference to the Socio-emotional skill dimension	94
4.6	T test result of the Control and Experimental group before and after the Intervention with reference to the Motivation dimension	95
4.7	t test result of the Control and Experimental group before and after the Intervention with reference to the Cognitive dimension	96
4.8	t test result of the Control and Experimental group before and after the Intervention with reference to the Meta-Cognitive dimension	98
4.9	t test result of the Control and Experimental group before and	99

	after the Intervention with reference to the Self-belief dimension	
4.10	Table showing t test result on Academic Resilience at the post-test and delayed post-test level	100
4.11	t test result of the Control and Experimental group before and after the Intervention with reference to the Socio-emotional skill dimension	102
4.12	t test result of the Control and Experimental group before and after the Intervention with reference to the Motivation dimension	104
4.13	t test result of the Control and Experimental group before and after the Intervention with reference to the Cognitive dimension	105
4.14	t test result of the Control and Experimental group before and after the Intervention with reference to the Meta-Cognitive dimension	106
4.15	t test result of the Control and Experimental group before and after the Intervention with reference to the Self-belief dimension	108
4.16	Paired sample t test result of the Control group at the post-test and delayed post-test level	111
4.17	Paired sample t test result of the Experimental group at the post-test and delayed post-test level	112
5.1	Master chart showing the experimental effect of the Intervention Program (ARM) based on Mean Scores and t test scores	126
6.1	Non-randomized control group pre-test post-test design	137
6.2	Design of the Study	138
6.3	School wise number of students selected	149

List of Figure

Figure No.	Figure name	Page No.
4.1	Academic Resilience level of Control and Experimental group at the pre-test and post-test level	92
4.2	Academic Resilience level with reference to the Socio-emotional skill dimension of Control and Experimental group at the pre-test and post-test level	95
4.3	Academic Resilience level with reference to the Motivation dimension of Control and Experimental group at the pre-test and post-test level	96
4.4	Academic Resilience level with reference to the Cognitive dimension of Control and Experimental group at the pre-test and post-test level	97
4.5	Academic Resilience level with reference to the Meta-Cognitive dimension of Control and Experimental group at the pre-test and post-test level	99
4.6	Academic Resilience level with reference to the Self-belief dimension of Control and Experimental group at the pre-test and post-test level	100
4.7	Academic Resilience level of Control and Experimental group at the post-test and delayed post-test level	102
4.8	Academic Resilience level in reference to the Socio-emotional skill dimension of Control and Experimental group at the post-test and delayed post-test level	103
4.9	Academic Resilience level in reference to the Motivation dimension of Control and Experimental group at the post-test and delayed post-test level	105
4.10	Academic Resilience level in reference to the Cognitive dimension of Control and Experimental group at the post-test and delayed post-test level	106
4.11	Academic Resilience level in reference to the Meta-Cognitive of Control and Experimental group at the post-test and delayed post-	107

	test level	
4.12	Academic Resilience level in reference to the Self-belief dimension of Control and Experimental group at the post-test and delayed post-test level	109
4.13	Academic Resilience level in reference to the five dimensions of Control and Experimental group at the pre-test level	109
4.14	Academic Resilience level in reference to the five dimensions of Control and Experimental group at the post-test level	110
4.15	Academic Resilience level in reference to the five dimensions of Control and Experimental group at the delayed post-test level	110
4.16	Academic Resilience level of Control group at the post-test and delayed post-test level	111
4.17	Academic Resilience level of Experimental group at the post-test and delayed post-test level	112

ABBREVIATION

ABBREVIATION	WORDS
AR	Academic Resilience
PF	Protective Factors
ARM	Academic Resilience Module
SES	Socio-Emotional Skill
EG	Experimental group
CG	Control group
ANCOVA	Analysis of Covariance
N	Number of participants
SD	Standard Deviation
