Acknowledgements

First of all I sincerely thank my supervisor Prof. Nayandeeep Deka Baruah, for the guidance he has given me throughout. I am fortunate enough to have worked with him for more than five years. He has been a constant source of motivation and inspiration. Without his help the completion of this thesis would not have been possible.

I am indebt to Tezpur University, and specially the Department of Mathematical Sciences for giving me all the facilities to carry out my research.

I thank my Doctoral Committee Members, Department of Mathematical Sciences, Tezpur University for their co-operation and support.

My research is partially supported by the INSPIRE Fellowship of the Department of Science & Technology, New Delhi.

I also wish to convey my thanks to all my fellow research scholars in the Department of Mathematical Sciences, Tezpur University, for their help.

Special thanks to my late father Santimoy Bandyopadhyay, my mother Mala Bandyopadhyay and my maternal grandfather Mihir Lal Bandyopadhyay for their blessings and encouragements to pursue my studies.

Last, but not the least, I would like to thank my fiance Bithi Debnath for all her love and support throughout this journey.
