## **Human Research Ethics Approval Statement**

This thesis, entitled “**Impact of Soundscape in Diners’ Experience: A Study in Assam**” includes an experiment involving human participants and was conducted with a strong commitment to ethical standards. The experiment was conducted in a real restaurant setting, and all participants participated voluntarily.

Before the study began, participants were informed about the purpose and process of the research. After being reassured that their participation was entirely voluntary, those who gave their consent completed the questionnaire. They had the right to withdraw at any time without any consequences.

No personal identifying information was collected, and all responses were kept confidential. The study involved no physical or psychological harm, and participants were treated with respect and dignity at all times.

The research followed general ethical principles of respect, consent, confidentiality, and voluntary participation.

## **ACKNOWLEDGEMENT**

The journey to completing my doctoral dissertation feels like a dream that has finally come true. At the outset, I owe and bow to the Almighty for showering His choicest blessings upon me and granting me the strength and determination to focus on my work.

I am extremely grateful and indebted to my revered research supervisor, Dr. Mrinmoy K Sarma, Professor, Department of Business Administration, Tezpur University for his intellectual direction of work and invaluable advices which made my Ph.D. journey a highly enriching learning experience. I am deeply honored to have worked under his irreplaceable mentorship, without which this research would not have been possible.

I extend my sincere gratitude to the Doctoral Committee members, Dr. Chandan Goswami and Dr. Anjan Bhuyan for allowing me to carry on research in my desired subject matter and for their time and valuable feedback. I am also obliged to the Head of the Department and all other faculty members of the Department of Business Administration, for providing me their guidance and offering valuable suggestions from time to time to conduct my research. A heartfelt appreciation to Brindabon Borah, Shubham Paul, Suren Borah and other non-teaching staff for their assistance with all the departmental activities during this time. I offer my sincere gratitude to Mr. Jitu Mani Das, Assistant Librarian and other employees of the Central Library for their kind assistance. I would like to extend my gratitude to Tezpur University for providing all the resources that helped me complete my research. I also express my sincere gratitude to Dr. Biren Das, Controller of Examination for the valuable suggestions at times.

I would like to express my gratefulness to Dr. Breez Mohan Hazarika, Principal, and Dr. Sarat Borah, Vice Principal & Head, Dept. of Business Management, CKB Commerce College, Jorhat for granting me the time and space to carry out my research while working with them. I appreciate the assistance provided by my departmental colleagues Bulbul Sahariah and Monjil Protim Baruah. I express my sincere gratitude to Prof. Rubul Saikia. I am also thankful to all my esteemed colleagues of CKB Commerce College for their invaluable suggestions and criticisms.

My special thanks go to all the participants of survey, FGDs and experiment for helping me with necessary data and information for fulfilling my research objectives.

My huge thanks and appreciation to my dear husband, Debyaz Kashyap. Without you by my side, I could never have completed this. Thank you for your friendship, love and faithful support throughout my PhD. And our little angel, Debadhyuti Kashyap (Doyna), you are my world and great motivation for me to complete this research. You have made countless sacrifices and embraced everything with grace. You both will always have my heart. I am heartily thankful to Bakul Das, Jilmil Sarmah Borkataki and Kritika Kalita-my constants, for everything you have done for me.

Words are not sufficient to acknowledge the boundless encouragement and moral support that my dear parents Munindra Borah and Ruma Borah have provided. I am equally thankful to my in-laws, the late Rajib Saikia and Deepa Hazarika, for their consistent motivation. I acknowledge the support and encouragement that my brother Ankur Sankar Borah, Subhraz Kashyap, Karismita Borah, Bonti Borah and other family members and friends have provided me during the conduct of my research work. I shall be always grateful to them for their faith, consistent support and confidence on me which has helped me to achieve one of the chief ambitions of my life. I am also grateful to Mr. Biman Sarma (Khura) and Dr. Juliana Sarma (Khuri) for their unwavering support.

Last but not the least, I would like to extend my heartfelt thanks to my fellow Research Scholars especially Shaswata, Nirmali, Jayashree, Roma, Vaishali, Jonti Baa for their constant support throughout this journey.
