Abstract	
Abbreviations used	
Chapter-1	
1.1 Introduction	1
1.2 Historical Importance of tea	3
1.3 Types Black tea	3
1.4 Chemical Composition of Black	4
1.5 Black Tea Production	6
1.6 Black Tea Chemistry	7
1.7 Objectives	8
1.8 Review of Literature	9
Chapter-2	
2. Instruments	12
Chapter-3	
EXPERIMENTAL	
3. Material And Methods	17
Chapter-4	
RESULTS AND DISCUSSION	
4.1 UV-Visible Spectra With Extract Dilution.	19
4.2 Color Study Of Various Tea Samples With Increase In Iron Concentration By Hunter Lab.	22
4.3 Determination Of Iron In Fe ⁺² Or Fe ⁺³ States In Iron-Polyphenol Complex By Electrochemical Methods.	24
4.4 Color Change Photograph Of Tea Solution With Increasing The Concentration Of Iron.	26
4.5 Determination Of Iron In Water By Color Variation.	28
Chapter-5	
5.1 Conclusion	31
5.2 Future Scope	31
5.3 References	32

Abbreviation used:

CTC	Crush, Tear, Curl
EGC	Epigallocatechin
ECG	Epicatechin gallate
EGCG	Epigallo catechin gallate
EC	Epicatechin
LMCT	Ligand to metal charge transfer
