<b>LIST OF TABLES</b>	i
<b>LIST OF FIGURES</b>	ii
<b>LIST OF ABBREVIATIONS</b>	iii
<b>CHAPTER I</b>	
<b>INTRODUCTION</b>	1
<b>CHAPTER II</b>	
<b>REVIEW OF LITERATURE</b>	9
<b>CHAPTER III</b>	
<b>METHODS AND MATERIALS</b>	15
3.1. Study area	15
3.2. To assess the domestic energy utilization pattern and available resources in selected villages	18
3.2.1. Primary data collection	18
3.2.2. Assessment Village resource	19
3.2.3. Existing livelihood pattern of the selected villages	20
3.3. To make comparative assessment of energy utilization characteristics amongst the different groups	20
3.4. To investigate saving potentiality of major source of energy in the study domain	24
3.5. To forecast the future energy scenario in rural household sector	25
<b>CHAPTER IV</b>	
<b>RESULTS AND DISCUSSIONS</b>	26
4.1. Assessment Village resources	26
4.1.1. Human population pattern	26
4.1.2. Land resources	28
4.1.3. Living standard and livelihood	30
4.1.4. Domestic energy consumption	32
4.2. Estimation of daily per capita Domestic energy consumption	35
4.2.1. Source wise energy consumption pattern	35
4.2.2. Comparison of three group of each village	38

4.3.	Estimation of daily expenditure	39
4.3.1	Estimation of daily expenditure in different energy sources	40
4.4.	Assessment of biomass saving potentiality	42
4.5.	Assessment of future energy demand of the rural areas	43
<b>CHAPTER V</b>		
<b>CONCLUSIONS</b>		47
<b>REFERENCES</b>		49
<b>APPENDICES</b>		51

## LIST OF TABLES

Table No.	Particular	Page No.
1.1	Life cycle emission from various energy sources	2
1.2	Estimated potential of the renewable energy	3
1.3	Some important features of population of Assam	5
1.4	Growth of GSDP of Assam and GDP of India at constant (1999-00) Prices (in percentage)	5
1.5	Per capita income of Assam and India at current and constant (1999-2000) Prices (In Rs.)	6
1.6	Remote un-electrified villages of Assam as on 31.3.2006 (as per 2001 census)	7
3.1	Statistics of Sonitpur district	16
3.2	The parameters used for the estimation of the energy consumption	23
4.1	Population statistics and percentage share of the five selected village of Sonitpur district	27
4.2	Land resources and average productivity of major produce	28
4.3	Source wise total domestic energy consumption	32
4.4	Activity wise electrical energy consumption in five different villages	33
4.5	Economy of energy expenditure in five villages	39
4.6	Biomass saving potentiality in five villages of Sonitpur district	43
4.7	Present household energy demand	45
4.8	Forecasting future household energy demand	45

## LIST OF FIGURES

Figure No.	Particular	Page No.
1.1	Energy consumption pattern of different region	2
3.1	Districts of Assam	18
4.1	Population statistics pattern in the five selected villages of Sonitpur district amongst the three groups	27
4.2	Lighting method: for lighting villages uses both kerosene lamp and electricity	30
4.3	Some comfort and entertainment appliances uses in the village level	30
4.4	Transportation device uses by the villagers	31
4.5	Cooking method	31
4.6	Drinking water collection	31
4.7	Houses are available in these villages	32
4.8	Biomass and straw availability in the villages	32
4.9	Hourly load pattern	34
4.1	Per capita energy consumption in HECF group	35
4.11	Per capita energy consumption in MECF group	36
4.12	Per capita energy consumption in LECF group	37
4.13	Variation of per capita energy consumption from all sources amongst the three groups	38
4.14	Economy of energy expenditure in five villages in the HECF group	40
4.15	Economy of energy expenditure in five villages in the MECF group	41
4.16	Economy of energy expenditure in five villages in the LECF group	42
4.17	Energy consumption pattern in thirty three household of the upgraded level	44
4.18	Changes of energy demand over the existing demand	46

## LIST OF ABBREVIATIONS

Abbreviations	Full Form
CO <sub>2</sub>	Carbon Dioxide
GDP	Gross Domestic Product
kWh	Kilo Watt Hour
kW	Kilo Watt
Lat/Long	Latitude/Longitude
MW	Mega Watt
MJ	Mega Joule
NO <sub>x</sub>	Nitrogen Oxides
RPR	Residue Production Ratio
SO <sub>2</sub>	Sulfur Dioxide
TV	Television
USA	United States of America
Y	Yield
HECF	Higher Energy Consuming Family
MECF	Medium Energy Consuming Family
LECF	Lower Energy Consuming Family
MDG	Millennium Development Goal
GSDP	Gross State Domestic Product
