ACKNOWLEDGEMENTS

I am extremely happy to express my thanks and profound sense of gratitude to Prof. Debendra Chandra Baruah, Head, Dept. of Energy for supervising my research work. Without his help and support, I could not have brought this work to this present form. His valuable suggestions, persistent encouragement, creative criticism and scientific approach throughout the duration of my investigation help me to overcome the challenges of the present work.

I am grateful to Prof. S. K. Samdarshi, Dr. D. Deka, Mr. S. Mahapatra, and Dr. R. Katak, Dr. D. K. Bora, Dept. of Energy, Tezpur University for their official initiatives and valuable suggestions.

I am grateful to Mr. P. K. Chaudhury (Technical Officer, Dept. of Energy) and Mr. T. Borah (Technical assistant, Dept. of Energy), for their co-operation in carrying out some of my experiments.

I am also thankful to Mr. P. P. Dutta, Assistant Professor, Dept. of Mechanical Engineering for his valuable guidance and also thankful to the members of Central Workshop, Tezpur University for helping me with my fabrication works.

I am very thankful to M. Chakroborty (Research Scholar, Dept. of Energy) and Mr. M. Hiloidhari for instructing me with valuable lessons during my project work.

I also acknowledge my friends, colleagues and lab mates for their support and encouragement.

Last but not least, I gratefully acknowledge my parents for their constant encouragement and support whenever needed.

Bhaskar Jyoti Dutta
