DEPARTMENT OF ENERGY**

Forwarding Certificate

We hereby recommend that the thesis prepared under our supervision by **Anil Kumar** entitled "*Study on Electrical Transport Properties of Amorphous and Micro/Nano-crystalline Silicon Thin Films for Solar Cell Applications*" be accepted in partial fulfillment of the requirements for the degree of Master of Technology in Energy Technology.

Certificate of Approval

The foregoing thesis by **Anil Kumar (ENE13013)** is hereby approved as a creditable study carried out and presented in a manner satisfactory to warrant its acceptance as a pre-requisite to the degree for which it has been submitted. It is understood that by this approval the undersigned do not necessarily endorse or approve any statement made, opinion expressed or conclusion drawn therein but approve only for the purpose for which it is submitted.

ACKNOWLEDGEMENTS

I express my heartiest thanks and profound gratitude to my external supervisor Dr. Sushil Kumar (Principal Scientist) and Dr. S. Sudhakar (Scientist), CSIR-National Physical Laboratory, New Delhi and internal supervisor Sadhan Mahapatra, (Assistant Professor), Department of Energy, Tezpur University, for their utmost help and motivation in all stages of this work. Their sound guidance has taught me the rudiments of the subject, helped me overcome challenges and defend the results in the best possible way. The most important aspect that I have learnt from my interactions with them is the technique of conducting a successful research in a time-bound frame. I am indebted to him for the fruitful culmination of this work and look forward to continue his guidance in future.

I am immensely grateful to Prof. D. Deka, Head, Department of Energy, Tezpur University, for his official initiatives, kind guidance and the most generous support offered in times of need. His invaluable teachings, proactive suggestions, motivation towards perfection and rigorous supervision have instilled in me the discipline to persistently perform towards my goal. I would like to offer my warm regards and sincere thanks to the other faculty members of the Department of Energy, viz., Prof. D.C Baruah, Dr. Pankaj Kalita, Dr. Rupam Kataki, Dr. Nabin Sarmah, Dr. Biraj Kumar Kakati, Mr. P.K. Choudhury for their invaluable teachings and kind guidance during the entire M-Tech. Programme. I am also thankful to Prof. D K Bhattacharyya, Dean, School of Engineering, for extending his help and support whenever required.

I would like to unflinchingly acknowledge the valuable suggestions, help and assistance of Mr. Tapanjit Bora and Mr. Troilokya Lahon of the Department of Energy.

Special thanks go to my colleagues of the silicon thin film photovoltaic Lab. Mansi Sharma, Deepika Chaudhary, Sucheta Juneja, Kalpana Lodhi, for their invaluable suggestions and patient supervision whenever required; Kamal, Deelipan Arunkumar, Pradeep, Dinesh Bhalothiya for their kind co-operation and moral support for the timely completion of this work.

The support of the staff, senior colleagues and all my friends of the Department of Energy and Silicon Thin Film Photovoltaic Lab of NPL has made my work a lot easier and comfortable. I heartily acknowledge them for their valuable presence and interactions.

Finally, I must express my very profound gratitude towards my family members for their constant encouragement and support in all possible respects throughout the duration of my M.Tech. Programme.
