## DECLARATION

I, Dudul Das, hereby declare that this thesis entitled “*Thermodynamic Analysis of a Modified Solar Still*” is submitted to the Department of Energy, Tezpur University, Tezpur, Assam, India for acceptance to award the degree of the Master of Technology in Energy Technology is prepared by me and the same has not been submitted to any other institution.

(Dudul Das)

Department of Energy

Roll number: ENE13002

Date: 19-06-15

Place: Tezpur

## ACKNOWLEDGEMENT

First of all, I take this opportunity to express my profound gratitude and deep regards to my supervisor, Dr. Pankaj Kalita, Assistant Professor, Department of Energy, Tezpur University, Assam, for his exemplary guidance, monitoring, constant support and encouragement throughout my M. Tech project. The blessing, help, guidance and advice given by him, is the key factor of the success of my project.

I am also grateful to Mr. S. Mahapatra, Prof. D.C. Baruah, Prof. D. Deka, Dr. N Sarmah Dr. B.K. Kakati, Dr. R. Kataki and Mr. P.K. Choudhury, Department of Energy, Tezpur University, Assam, for their official initiatives and valuable suggestions during my project period. I would also like to thank Biswajit Gogoi for his encouragement and providing me various necessary items required during my project work.

I would also like to thank Mr Tapanjit Borah, Mr Troloikya Lahon and all the staff members of Department of Energy who helped me directly or indirectly in pursuit of my project work.

My Special and heartiest thanks goes to Ms. Sampriti Kataki, Mr. Rupam Patowary and Dipam Patowary, of the Department of energy for helping me throughout my M. Tech project work. They were always guiding me and encouraging me during my experimental work.

I am to all the staff of Mechanical Workshop, Tezpur University who helped me at various point of my project and in helping me out in some of the tough situation during the fabrication of my experimental setup.

I would like to thank my friend Sangeeta Borah for her help in my project work; her contribution is instrumental in the success of this project. I would also like to thank Babu Bikash Gogoi, Rabindra Kangsha Banik , Kunal Misra and Sanjib Baishya for their help at various stages of my project work .

I would like to thank all of my batch mates of Department of Energy, Tezpur University for their kind cooperation and help.

Last but not the least I place a deep sense of gratitude to my parents, all mighty and friends who have been constant source of inspiration throughout this project.

**Dudul Das**
