ACKNOWLEDGEMENTS

I express my heartiest thanks and profound gratitude to my supervisor Sadhan Mahapatra, Assistant Professor, Department of Energy, Tezpur University, for his utmost help and motivation in all stages of this work. His sound guidance has taught me the rudiments of the subject, helped me overcome challenges and defend the results in the best possible way. The most important aspect that I have learnt from my interactions with him is the technique of conducting a successful research in a time-bound frame. I am indebted to him for the fruitful culmination of this work and look forward to continue his guidance in future.

I am immensely grateful to Prof. D. C. Baruah, Head, Department of Energy, Tezpur University, for his kind guidance and the most generous support offered in times of need. His invaluable teachings, proactive suggestions, motivation towards perfection and rigorous supervision have instilled in me the discipline to persistently perform towards my goal.

I would like to offer my warm regards and sincere thanks to the other faculty members of the Department of Energy, *viz.*, Prof. S.K. Samdarshi, Prof. D. Deka, Dr. R. Katak, and Mr. P.K. Choudhury for their invaluable teachings and kind guidance during the entire M.Tech. Programme. I am also thankful to Prof. D. K. Bhattacharyya Dean, School of Engineering, for extending his help and support whenever required.

Special thanks go to my friends of the Energy Efficiency, Building Energy and Biomass Gasification Laboratory Palash, Pallavi, Plabita, Devashree and Sidhartha for their kind co-operation and moral support for the timely completion of this work.

The support of the staff, senior colleagues and all my friends of the Department of Energy has made my work a lot easier and comfortable. I heartily acknowledge them for their valuable presence and interactions.

Last, but not the least, my indebtedness remains towards my family members for their constant encouragement and support in all possible respects throughout the duration of my M.Tech. Programme.
