# Acknowledgement

It is my great pleasure to show due regards to persons involved in bringing out my successful completion of the project work entitled *A Computational Analysis on Thermophilic Adaptation* undertaken by me as a prerequisite towards partial fulfillment for the award of M.Tech in Information Technology at Tezpur University.

It would not possible for me to achieve the success with my effort alone. There were a lot of people who extended their supportive hands towards me in the way of making my work a success.

First of all, I would like to express my deep sense of respect and gratitude towards my advisor and guide Dr. Siddhartha S. Satapathy, who has been the guiding force behind this Project work. I am greatly indebted to him for his constant encouragement, invaluable suggestions and support from an early stage of this research.

I am highly grateful to Dr. Shyamanta M. Hazarika, Head of the Department, Department of Computer Science and Engineering, Tezpur University, for his constant support in providing necessary facilities during the course of the work. I extend my sincere thanks to other faculty members, research scholar and laboratory staff of the Department, for their generous help in various ways for the completion of the work.

Last but not the least I am also thankful to my class mates for their kind cooperation during the entire process. I would like to acknowledge everyone who contributed directly or indirectly for the fulfillment of this project work.

I dedicate this dissertation to those who believed in me, my parents and family.
