ACKNOWLEDGEMENT

At the very outset on completion of this project titled “**CLUSTERING GENE EXPRESSION DATA**”, we would like to express our sincere gratitude to our guide Miss Rosy Das, Assistant Professor, Department of Computer Science and Engineering, Tezpur University who has been instrumental in helping us throughout the different phases of the project. We are genuinely thankful to her for her constant vigilance and support at every step of the project, ranging from explaining the concepts and technicalities involved to constantly motivating us for the successful completion of the project. Without her guidance, the project would have never been completed.

Our acknowledgement would be very incomplete without a heartfelt thanks to Prof. D.K. Bhattacharya, HOD, Department of CSE, Tezpur University who spared for us time from his hectic schedule, during the latter stages of the project and helped us to a great extent with his valuable inputs and suggestions.
