Acknowledgement

It is my great pleasure to show due regards to persons involved in bringing out my successful completion of the project work entitled “Co-expressed pattern finding using bicluster ensemble and construct Gene Regulatory Network” undertaken by me as a prerequisite towards partial fulfillment for the award of M.Tech in Information Technology at Tezpur University.

It would not have been possible for me to achieve the success with my effort alone. There were a lot of people who extended their supportive hands towards me in the way of making my work a success. First of all my heartiest gratitude goes to my project guide Dr. Dhruva K. Bhattacharyya, Professor, Department of Computer Science & Engineering, Tezpur University for his excellent guidance and valuable suggestion during the course project. My sincere thanks to Dr. Malay Ananda Dutta, Professor, Department of Computer Science & School of Engineering, Tezpur University for his valuable guidance, advice and support throughout the course of this project work and to all the faculty members of CSE department for their support during this project.

Last but not the least I am also thankful to my class mates for their kind cooperation during the entire process. I would like to acknowledge everyone who contributed directly or indirectly for the fulfillment of this project work.

I dedicate this dissertation to those who believed in me, my parents and family.
