CERTIFICATE

This is to certify that **Prakash Chauhan** bearing Roll No: CSM11016 has successfully completed the dissertation entitled “*Constraint based Cooperative Spectrum Sensing for Cognitive Radio Networks*”. This work was done under the supervision and guidance of **Dr. Nityananda Sarma**.

The dissertation is the result of his efforts and endeavors. The dissertation is found worthy of acceptance for the completion of his Major Project in Master of Computer Application (MCA).

Tezpur University

ACKNOWLEDGEMENTS

It is my great pleasure to offer due regards to persons involved in bringing out successful completion of the dissertation titled “*Constraint based Cooperative Spectrum Sensing for Cognitive Radio Networks*” undertaken by me as prerequisite for partial fulfillment for the award of Master of Computer Application at Tezpur University.

It would not have been possible for me to accomplish it with my sole effort. There were a lot of people who extended their helping hand throughout and thereby made my work a fruitful exercise. It is a pleasure to convey my gratitude to all of them.

First of all, I would like to express my deep sense of respect and gratitude to my advisor and guide **Dr. Nityananda Sarma**, Professor, Department of Computer Science and Engineering, Tezpur University, who has been the guiding force behind this Project work. I am greatly indebted to him for his constant encouragement, invaluable suggestions and support from the initial stage of this research and enriching my experiences throughout the work. I consider myself fortunate enough to record that I had got the opportunity to work with such a wonderful person and learn from his skilled guidance.

I would also like to express my profound gratitude to **Mr. Sanjib Kr. Deka**, for his constructive criticism, valuable suggestions and for allowing me to soak his knowledge and technical experiences.

I am highly grateful to **Dr. Shyamanta Moni Hazarika**, Professor and Head, Department of Computer Science and Engineering, Tezpur University, for his constant support in providing necessary facilities during the course of the work. I extend my sincere thanks to other faculty members and laboratory staff for their generous help in various ways for the completion of the work.

I would like to convey my heartfelt thanks to **Mr. Hema Kr. Yarnagula**, for his kind suggestions and support toward the completion of the project work within the stipulated time.

I am especially indebted to my parents for their blessing, love, sacrifice and support.

I thank the Almighty, who had given me the strength to complete this project successfully.

Finally, I extend my gratefulness to all those who are directly or indirectly involved in this work.

Prakash Chauhan
(CSM11016)
