ACKNOWLEDGEMENT

The satisfaction of the completion of this project would be incomplete without acknowledging the contribution of all those people who have helped us with their valuable suggestions.

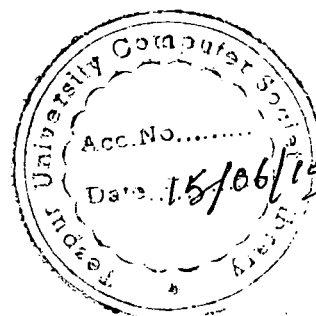

First of all we would like to thank our supervisor Dr. Debasish Das; System Analyst , Department of Computer Science and Engineering, Tezpur University for his support and guidance, without which the completion of the project would not have been possible.

We also offer our sincere gratitude to *prof.* Dr. Shyamanta M Hazarika, Head of the Department, Department of Computer Science and Engineering, Tezpur University for giving us the opportunity to do this work.

I am also indebted to the Computer Science and Engineering Department of Tezpur University for providing us an opportunity to carry out the project as a part of the curriculum of Bachelor's of Engineering program in Computer Science.

Thanking you

Ravi Shankar Kumar (CSB11073)
