

DECLARATION

This Project Report is being submitted as a partial fulfillment of the requirements for the award of “MASTER OF SCIENCE in Molecular Biology and Biotechnology” by Tezpur University, Tezpur.

I further declare that this Project or any part of it has not been submitted elsewhere for any other degree or diploma to any other university/institute.

CERTIFICATE OF THE HEAD OF THE DEPARTMENT

This is to certify that Ms. Preeti Rekha Das, Roll no. MBM08006, is a student of Molecular Biology and Biotechnology Department, Tezpur University, Assam, has successfully completed the project work entitled "Studies on Xenobiocity and CYP450 Induction of Synthetic Pyrimidine Derivatives" as a part of partial fulfillment of her Master of Science in Molecular Biology and Biotechnology under the supervision of Dr. Tapas Medhi, Department of Molecular Biology and Biotechnology, Tezpur University.

CERTIFICATE BY THE SUPERVISOR

This is to certify that, Ms. Preeti Rekha Das, a student of M. Sc. 4th semester of the Department of Molecular Biology and Biotechnology has worked out the project entitled "Studies on Xenobiocity and CYP450 Induction of Synthetic Pyrimidine Derivatives" under my supervision and guidance. To the best of my knowledge the results embodied in this project have not been submitted to any other university or institute for the award of any degree or diploma.

Place: Tezpur University

ACKNOWLEDGEMENT

My tenure at MBBT Department (Tezpur University) has been a wonderful and rewarding experience. I leave this chapter of my life feeling enlightened because of what I have learned and charmed because of the people that I have had the fortune to spend time with. I am forever indebted to these people for their contributions to my scientific and personal growth over the years.

I wish to thank my advisor Dr. Tapas Medhi, for having confidence in me and for his constant encouragement, support and guidance. He has been incredibly patient and has given me the time to grow professionally and mature personally.

I wish to acknowledge the entire Department of Molecular Biology and Biotechnology for their resources, their courses and for providing such a supportive and inspiring work environment.

I thank Prof. B.K. Konwar and Prof. A.K. Mukherjee for all his generosity. As Head of the Department, Prof. Mukherjee has provided invaluable services which I have been able to take advantage of.

I especially thank Dr. Anand M. Ramteke, who has been an excellent mentor during my entire project work and without whom I won't be able to complete my work.

I thank Dr. S. Baruah and Mr. Eeshan Kalita (Assistant Professor) for helping me at my critical stage and for their constant support and encouragement which not only helped me during my work but also lead to my personal development.

I thank Dr. M.Mandal and Pranab da for helping wherever I needed and all research scholars who have been exceptionally helpful include Kalpana di, Mayur da, Nilakshi ba, Subrata da and Rahul bhaiya.

I thank my friends, Sumita, Santa, Gaurav, Soni, Arunabha and all other batchmates and my family for their continued support and encouragement.
